Lyman Custom Fit Loading Block Safety Instructions

Introduction

Thank you for choosing the Lyman Custom Fit Loading Block for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the loading block.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety precautions.
- Ensure that the loading block is used in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the loading block out of reach of children and vulnerable individuals.
- Inspect the loading block before each use to ensure it is free from damage or defects.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended cartridge sizes for the loading block.
- Use the loading block only for its intended purpose—preparing cartridges for reloading.
- Avoid using the loading block near open flames or sources of ignition.
- Handle cartridges with care to prevent accidental discharge.
- Ensure that the loading block is placed on a stable surface during use.
- Wear safety glasses when handling cartridges to protect your eyes from potential debris.

Instructions for Installation and Usage

1. Selecting the Right Size:

- Choose the appropriate loading block size based on the caliber of cartridges you are using. The Lyman Custom Fit Loading Block is available in sizes ranging from .338 caliber to .615 caliber.

2. Placing Cartridges:

- Carefully insert the cartridges into the holes of the loading block. Ensure they are seated properly and securely.
- Do not force cartridges into the holes; if they do not fit, verify that you are using the correct size loading block.

3. Reloading Process:

- Follow standard reloading procedures as outlined by your reloading manual.
- Ensure that you are using the correct powder, bullets, and primers for the cartridges being reloaded.

4. Storage:

- When not in use, store the loading block in a cool, dry place away from direct sunlight.
- Keep the loading block in its original packaging if possible to prevent damage.

Disposal Instructions

- Dispose of the loading block in accordance with local regulations for plastic products.
- Do not dispose of the loading block in household waste if it is damaged or has reached the end of its life.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For further support or inquiries regarding the Lyman Custom Fit Loading Block, please refer to the contact information provided on the product packaging or visit the manufacturer's website.
