

MSR DIE SET - 458 SOCOM MSR 4 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Reload Right for Your Modern Sporting Rifle

The Lyman MSR Die Set is specifically designed for reloaders looking to fine-tune loads for their AR-style modern sporting rifle. The dies are loaded with MSR-specific features, ensuring that MSR-owning handloaders can tailor their handmade rounds for their semi-automatic, magazine-fed rifle systems. The Lyman MSR Die Set ships with an included Small Base Sizing Die, which works to resize MSR cartridges to a slightly smaller than standard size in order to promote smooth, trouble-free feeding from the magazine into the chamber. The dies also feature a specially- designed Taper Crimp Die that gives cases an extra-strong crimp in order to preserve overall cartridge length when feeding from a magazine. Ammo Checker cartridge "Go" gauge included with each set Available for .223 Rem. and .450 Bushmaster. Comes with clear, plastic storage case Features black finish The Lyman MSR Die Set also ships with Lyman's Ammo Checker gauge, enabling users to safety-check their loaded rounds for consistency.

MSR Die Set 458 SOCOM Safety Instruction Guide

Introduction

Thank you for choosing the Lyman MSR Die Set 458 SOCOM. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle reloading equipment with care and ensure you understand the operation of each component.
- Use the MSR Die Set only for its intended purpose: reloading 458 SOCOM cartridges.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local, state, and federal laws regarding ammunition reloading.

Specific Safety Precautions for Use

- Ensure your workspace is clean and free of clutter to prevent accidents during the reloading process.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Do not exceed the recommended load data provided by reputable sources.
- Use a reliable scale to measure powder charges accurately.
- Avoid distractions while reloading to maintain focus and precision.
- Store all reloading components, including the die set, in a cool, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Securely mount the die set in a reloading press according to the manufacturer's instructions.
- Ensure that the dies are properly adjusted for the specific cartridge being loaded.
- Use the Small Base Sizing Die to resize cartridges to a slightly smaller than standard size for optimal feeding.

2. Using the Die Set:

- Begin by resizing the cases using the Small Base Sizing Die.
- Follow with the Taper Crimp Die to ensure a strong crimp, preserving cartridge length.
- Use the Ammo Checker gauge included with the set to verify that loaded rounds meet safety standards.

3. PostUse Care:

- Clean the die set after each use to prevent corrosion and maintain functionality.
- Store the die set in the provided clear plastic storage case to protect it from damage.

Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Ensure that all reloading materials are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Lyman MSR Die Set 458 SOCOM, please refer to the contact information provided on the packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety guidelines. Enjoy safe and successful reloading with your new die set!
