

S&W 317/66/67/625/629/ 657/686/696 OVERMOLDED HANDGUN FRONT SIGHT - HIVIZ FRONT SIGHT, RED

[Handgun Parts](#) > [Sights](#) > [Front Sights](#)

Improved Visibility In All Light Conditions

Replacement front sights work in conjunction with factory rear sights to give you fast sight acquisition in most light conditions. Machined steel body uses overmolded technology to completely cover and protect the light gathering, polymer LightPipe with an extra layer of clear polymer. Gunsmith fitting recommended. S&W 317/66/67/625/629/657/686/696 - Fits S&W revolvers that accept pinned front sights: models 317, 66, 67, 625, 629, 657, 686 and 696 (except 686SSR, Classic Series and Performance Center guns). Red light rod.

Safety Instruction Guide for S&W 317/66/67/625/629/657/686/696 Overmolded Handgun Front Sight

Introduction

Thank you for choosing the S&W Overmolded Handgun Front Sight. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read and understand all instructions before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific handgun model.
- Always handle firearms with care and follow all safety protocols.
- Use the front sight only for its intended purpose.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the front sight for any signs of wear or damage.
- If you notice any issues, refrain from using the product and seek professional assistance.

Specific Safety Precautions for Use

- Before installation, ensure that your firearm is unloaded and pointed in a safe direction.
- Avoid using the front sight in extreme environmental conditions that may affect its performance.
- Do not attempt to modify or alter the front sight in any way.
- Be cautious of the light gathering properties; ensure it is clean and free from obstructions.
- If you are inexperienced, seek help from a qualified gunsmith for installation and fitting.

Instructions for Installation and Usage

Installation

1. Preparation:

- Ensure your firearm is unloaded and in a safe environment.
- Gather required tools, including a punch tool for pin removal if necessary.

2. Removing the Old Front Sight:

- Use the punch tool to carefully remove the existing front sight from your handgun.
- Keep the removed parts in a safe location for future reference.

3. Installing the New Front Sight:

- Align the new S&W Overmolded Handgun Front Sight with the pinned front sight slot.
- Gently press the new sight into place, ensuring it is secure.
- If necessary, use the punch tool to reinsert the pin that holds the front sight in place.

4. Final Check:

- Ensure that the front sight is firmly attached and properly aligned.
- Recheck your firearm to confirm it is functioning correctly with the new sight.

Usage

- Aim your handgun using the new front sight in conjunction with the factory rear sight.
- Practice in various lighting conditions to familiarize yourself with the sight's performance.
- Regularly clean the sight to maintain optimal light gathering capabilities.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For safety inquiries or assistance regarding this product, please contact the manufacturer or your local dealer. Ensure to provide them with the model number and details of your inquiry.

Conclusion

Following these safety instructions will help you enjoy the benefits of your S&W Overmolded Handgun Front Sight while ensuring your safety and the safety of others. Always prioritize safety and seek professional assistance when needed. Thank you for your attention to these guidelines.
