# Safety Instruction Guide for ABRASIVE PAPER SHEETS NORTON ABRASIVE ALUMINUM OXIDE COATED PAPER P220 GRIT 9X11

## Introduction

Thank you for choosing the Norton Abrasive Aluminum Oxide Coated Paper P220 Grit 9X11. This guide provides essential safety instructions and usage information to ensure your safety while using this product. Please read this guide carefully before use.

## General Safety Guidelines

- Always ensure that the workspace is clean and free of clutter to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Use personal protective equipment (PPE) such as gloves, goggles, and masks to protect against dust and debris.
- Do not use the product for purposes other than those intended.
- Regularly inspect the product for any signs of damage or wear before use.

## Specific Safety Precautions for Use

- Do not apply excessive pressure while sanding, as this can lead to breakage and increase the risk of injury.
- Ensure proper ventilation in the workspace to minimize inhalation of dust particles.
- Avoid using the abrasive paper on wet surfaces or with wet materials, as this can reduce effectiveness and pose safety risks.
- Dispose of used abrasive paper sheets properly, as they may contain sharp edges that can cause cuts or injuries.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the surface to be sanded is clean and dry.

### 2. Attaching the Abrasive Paper:

- If using a sanding block or machine, securely attach the abrasive paper to the sanding surface according to the manufacturer's instructions.
- Ensure that the abrasive side is facing outward.

### 3. Sanding Technique:

- Begin sanding with light pressure, gradually increasing as needed.
- Sand in the direction of the grain of the material to achieve a smooth finish.
- Frequently check the abrasive paper for wear and replace it as necessary.

### 4. PostUse Care:

- After use, clean the workspace to remove dust and debris.
- Store the abrasive paper sheets in a dry, cool place to maintain their quality.

## **Disposal Instructions**

- Dispose of used abrasive paper sheets in accordance with local waste disposal regulations.
- Avoid throwing them in regular trash if they are contaminated or pose a hazard.
- Recycle where possible, ensuring that any sharp edges are safely contained.

## **Contact Information for Further Support**

For any safety inquiries or additional support related to the Norton Abrasive Aluminum Oxide Coated Paper, please refer to the manufacturer's contact information provided on the product packaging or visit the official Norton website.

Thank you for your attention to these safety instructions. Your safety is our priority.
