

1911 MEGA DOT FIBER OPTIC FRONT SIGHTS - NOVAK MEGA DOT FIBER OPTIC FRONT SIGHT RED

[Handgun Parts](#) > [Sights](#) > [Front Sights](#)

The Novak Mega Dot Fiber Optic Dovetail Front Sight fits a .330" x 65 degree x .075" Novak front sight dovetail cut. The fiber optic rod is larger for superior light gathering and added strength. The front of the sight is recessed and the sides are shielded to prevent damage to the fiber. The edges are beveled to be snag free and the brightness of the fiber gives a fast daytime sight picture for use with concealed carry. Works extremely well with the Novak Super wide notch rear sight. Installation instructions included. Available in green or red.

Safety Instruction Guide for 1911 Mega Dot Fiber Optic Front Sights

Introduction

Thank you for choosing the Novak Mega Dot Fiber Optic Front Sight. This guide provides essential safety instructions, installation procedures, and general guidelines for the safe use of your product. Please read this document carefully to ensure proper handling and compliance with safety regulations.

General Safety Guidelines

- Ensure that the product is suitable for your firearm model before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the front sight for any signs of damage or wear.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Do not attempt to modify or alter the sight in any way, as this may compromise its safety and functionality.
- Ensure that the firearm is unloaded before installing or adjusting the front sight.
- Use appropriate tools and follow the installation instructions carefully to avoid injury.
- Be cautious when using the firearm in lowlight conditions, as visibility may vary with the brightness of the fiber optic dot.
- If using the sight for concealed carry, ensure that it does not snag on clothing or other materials.

Instructions for Installation and Usage

1. Tools Required:

- Appropriate gunsmithing tools for installation
- Cleaning cloth

2. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing front sight from the dovetail cut.
- Clean the dovetail area to remove any debris.
- Align the Novak Mega Dot Fiber Optic Front Sight with the dovetail cut.
- Gently tap the sight into place using a nonmarring tool until it is secure.
- Ensure the sight is properly aligned for optimal accuracy.

3. Usage:

- When aiming, focus on the fiber optic dot for a clear sight picture.
- Practice regularly to become familiar with the sight's performance in various lighting conditions.

Disposal Instructions

- Dispose of the product responsibly and in accordance with local regulations.
- If the sight is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your Novak Mega Dot Fiber Optic Front Sight, please refer to the contact information provided with your purchase. It is important to have access to support for any safetyrelated questions.

Conclusion

By following these guidelines, you can ensure the safe and effective use of your Novak Mega Dot Fiber Optic Front Sight. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important instructions.
