# Safety Instruction Guide for ARBOR ADAPTER OSBORN MANUFACTURING 5/8" ARBOR ONLY

## Introduction

Thank you for choosing the ARBOR ADAPTER OSBORN MANUFACTURING 5/8" ARBOR ONLY. This product is designed for use with buffer arbors, ensuring compatibility and efficiency in your applications. It is essential to follow safety guidelines to ensure safe use and to maximize the lifespan of the product. This guide provides important safety instructions and information to help you use this product safely and effectively.

## General Safety Guidelines

- Always read the instructions thoroughly before using the product.
- Ensure that the product is suitable for your specific application.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling or using the product.
- Do not modify the product in any way. Unauthorized modifications can lead to hazards.
- Always follow local regulations and guidelines regarding the use of power tools and accessories.

## Specific Safety Precautions for Use

- Ensure that the arbor size matches the specifications of your buffer tool. The ARBOR ADAPTER is available in sizes of 1/2" (12.7mm), 5/8" (15.9mm), and 3/4" (19mm).
- Before installation, disconnect the power source of the buffer tool to prevent accidental activation.
- Check that the arbor is securely attached before operating the tool.
- Do not exceed the recommended speed limits for the buffer tool when using the arbor.
- Avoid wearing loose clothing or jewelry that could become entangled in moving parts.
- If you experience any unusual noise or vibration during operation, stop immediately and inspect the product.
- Do not use the product in wet or damp conditions to avoid electrical hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Disconnect the buffer tool from the power source.
- Select the appropriate arbor size for your buffer tool.
- Align the arbor with the tool's spindle and insert it securely.
- Tighten the arbor according to the manufacturer's instructions to ensure it is firmly in place.

### 2. Usage:

- Reconnect the buffer tool to the power source after installation is complete.
- Start the tool and allow it to reach the recommended operating speed before beginning work.
- Use the tool in a controlled manner, applying even pressure without forcing the arbor.
- After use, turn off the tool and disconnect it from the power source before removing the arbor.

## Disposal Instructions

- Dispose of the product in accordance with local regulations and guidelines.
- Do not dispose of the product in regular household waste.

- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the ARBOR ADAPTER OSBORN MANUFACTURING 5/8" ARBOR ONLY, please reach out to the designated EU contact point for product safety inquiries.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the ARBOR ADAPTER OSBORN MANUFACTURING 5/8" ARBOR ONLY. Your safety is our priority, and we appreciate your commitment to using our product responsibly. Thank you for choosing our product, and we wish you safe and successful operations!
