

# TACTICAL SLINGS - OUTDOOR CONNECTION A-TAC SINGLE-POINT SLING

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

## Single - & Two-Point Models For Comfortable, Secure Carry & Fast Transitions

Durable tactical slings provide a wide variety of comfortable carry options while ensuring rapid, smooth transitions to a shooting stance. These slings are manufactured from durable, mil-spec materials, featuring close-weave nylon webbing, heavy-duty 800-lb. tensile strength elastic, double stitching and shockproof polymer hardware that won't rattle or rust. Quick-release buckles can be disengaged with one hand, and tri-glide slip locks let the operator adjust overall length quickly for rapid shifts from strong side to support side and back. A-Tac - Single-point sling fits any weapon that accepts an HK-type snap hook. Provides maximum range of weapon movement for fast transition from many carry positions, including over either shoulder, across the back, under the opposing arm, and around the neck. Three-point polymer buckle allows selective release of the left side of the strap, the right side, or both simultaneously to free the weapon from the sling. Duty - Basic two-point sling of straight 1¼" wide nylon webbing attaches easily to USGI sling swivel. Loops through rear swivel, secures at front with two steel screw closures.

## Attributes

- Name: [OUTDOOR CONNECTION A-TAC SINGLE-POINT SLING](#)

# Safety Instruction Guide for TACTICAL SLINGS OUTDOOR CONNECTION ATAC SINGLEPOINT SLING

## Introduction

Thank you for choosing the TACTICAL SLINGS OUTDOOR CONNECTION ATAC SINGLEPOINT SLING. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before using the sling.

## General Safety Guidelines

- Ensure that the sling is suitable for the weapon you intend to use.
- Inspect the sling before each use for any signs of wear, damage, or defects.
- Do not exceed the weight limit of the sling, which is determined by the tensile strength of the materials used.
- Always ensure that the sling is securely attached to the weapon before use.
- Be aware of your surroundings when using the sling to avoid accidents or injuries.
- Keep the sling away from children and ensure it is used only by responsible adults.

## Specific Safety Precautions for Use

- **Proper Attachment:** Ensure the HKtype snap hook is fully engaged and secured to the weapon.
- **Adjusting Length:** Use the triglide slip locks to adjust the sling length. Make adjustments while the sling is not under tension to avoid accidental release.
- **Releasing the Sling:** Familiarize yourself with the quickrelease buckle mechanism. Practice disengaging it with one hand before using it in a critical situation.
- **Weapon Handling:** Always treat your weapon as if it is loaded. Follow all safety protocols for handling firearms.
- **Position Awareness:** Be mindful of how the sling is positioned when transitioning between carry positions to avoid entanglement or snagging.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the sling to the weapon using the HKtype snap hook.
- Ensure the snap hook is securely fastened and check for any movement.
- Loop the other end of the sling through the rear swivel and secure it at the front using the steel screw closures.

### 2. Adjusting the Sling:

- Locate the triglide slip locks on the sling.
- To shorten the sling, pull the webbing through the triglide. To lengthen, slide the triglide to allow more webbing.
- Ensure the adjustments are secure and the sling is at a comfortable length for your use.

### 3. Using the Sling:

- Position the sling over your shoulder or across your back, depending on your preferred carry method.
- When transitioning to a shooting stance, ensure the weapon is stable and secure in the sling.
- To release the weapon, use the quickrelease buckle to disengage the sling.

## **Disposal Instructions**

- Dispose of the sling in accordance with local regulations regarding the disposal of textile products.
- If the sling is damaged or no longer usable, do not attempt to repair it. Instead, dispose of it responsibly.
- Recycle components where possible, especially the nylon webbing and polymer hardware.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the TACTICAL SLINGS OUTDOOR CONNECTION ATAC SINGLEPOINT SLING, please refer to the product packaging or the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your TACTICAL SLINGS OUTDOOR CONNECTION ATAC SINGLEPOINT SLING. Always prioritize safety and responsible usage. Thank you for your attention and enjoy using your product responsibly.
