AK47 Adjustable Trigger Kit Safety Instruction Guide

Introduction

Thank you for purchasing the AK47 Adjustable Trigger Kit from Red Star Arms. This guide provides important safety instructions and information to ensure the safe installation and use of your trigger kit. Please read this guide carefully before proceeding.

General Safety Guidelines

- Ensure that you are familiar with the operation of your AK47 firearm before installing the trigger kit.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Use proper eye and ear protection when handling firearms.
- Keep the firearm pointed in a safe direction at all times.
- Store the trigger kit and all firearms in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and trigger kit for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the AK47 Adjustable Trigger Kit with compatible receivers (7.62x39, 5.45x39, and 5.56mm).
- Ensure the firearm is unloaded before beginning installation.
- Follow all local laws and regulations regarding firearm modifications.
- Do not exceed the recommended pull weight of 8 lbs during adjustments.
- Make sure all adjustments are secure before using the firearm.
- If at any point you are unsure about the installation or functionality, consult a professional gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools for installation (screwdriver, pliers, etc.).
- Ensure you are working in a clean, welllit area.
- Read through the detailed instructions included with the trigger kit.

2. Installation Steps

- Remove the existing trigger assembly from your AK47 according to the manufacturer's instructions.
- Carefully install the new trigger kit into the receiver, ensuring all components are aligned correctly.
- Adjust the hammer, trigger, and disconnecter as needed for takeup, overtravel, pull weight, and disconnecter engagement.
- Test the trigger pull to ensure it is within the recommended range of 4 to 8 lbs.
- Secure all components and ensure there is no movement or play in the trigger assembly.

3. PostInstallation Checks

- Conduct a function check of your firearm to ensure it operates correctly with the new trigger kit.
- If you experience any issues, consult the troubleshooting section of the instructions or seek professional assistance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of the trigger kit or any firearm components, contact your local waste management authority for guidance on safe disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or installation, please refer to the contact information provided in the product packaging or visit the manufacturer's website.

By following these guidelines and instructions, you can ensure the safe and effective use of your AK47 Adjustable Trigger Kit. Thank you for your attention to safety.
