

S&W SIDEPLATE SHIMS - POWER CUSTOM MODEL #2 POWER SIDEPLATE SHIMS

[Gunsmith Tools](#) > [Handgun Tools](#) > [Trigger Tools](#)

Improves S&W Trigger Pull-Smooths Function

By taking the "slop" out between the S&W hammer or trigger and the sideplate, you can smooth up and improve trigger pull significantly. Fits S&W K, L & N frame only.

S&W SIDEPLATE SHIMS POWER CUSTOM MODEL #2 POWER SIDEPLATE SHIMS Safety Instruction Guide

Introduction

Thank you for choosing the S&W Sideplate Shims Power Custom Model #2. This product is designed to enhance the performance of your S&W firearm by reducing the "slop" between the hammer or trigger and the sideplate, resulting in a smoother trigger pull. It is important to follow these safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always ensure that your firearm is unloaded before performing any installation or maintenance work.
- Read and understand all instructions before using the product.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the correct model shim for your specific application. Model #2 is for the S&W trigger pivot.
- Do not attempt to modify the shim or use it for any purpose other than intended.
- Wear appropriate safety equipment, including safety glasses, when installing or handling the shims.
- Avoid using the product in wet or damp conditions to prevent corrosion.
- If you experience any difficulty during installation, consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather necessary tools, including a screwdriver and any other tools recommended for your specific firearm model.

2. Installation:

- Remove the sideplate from your S&W firearm following the manufacturer's instructions.
- Identify the trigger pivot area where the shim will be installed.
- Carefully place the Model #2 shim into the designated area.
- Reattach the sideplate, ensuring that it is securely fastened.
- Check the trigger pull to ensure that it operates smoothly.

3. PostInstallation Check:

- After installation, conduct a function test to ensure that the trigger operates correctly.
- If any issues arise, disassemble and inspect the installation to confirm proper placement of the shim.

Disposal Instructions

- Dispose of any unused or damaged shims in accordance with local regulations.
- Do not dispose of shims in regular household waste if they are considered hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the S&W Sideplate Shims Power Custom Model #2, please refer to the manufacturer's website or contact your local dealer for assistance. It is recommended to keep this guide for future reference.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
