

# MATCHMASTER COMPETITION NECK BUSHING DIE SETS - RCBS 300 WINCHESTER MAGNUM COMPETITON NECK BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The neck sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round while not changing the body dimensions of fired cases. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. NECK SIZING DIE UTILIZES PRECISION-MACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

# MATCHMASTER COMPETITION NECK BUSHING DIE SETS Safety Instructions

## Introduction

Thank you for choosing the MATCHMASTER Competition Neck Bushing Die Sets for your reloading needs. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this manual carefully before using the die set.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep all components of the die set out of reach of children and pets.
- Always work in a wellventilated area to avoid inhaling any dust or fumes.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Regularly inspect your equipment for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The die set is designed for precision handloading; improper use may lead to dangerous ammunition.
- Ensure the neck sizing die is properly adjusted to avoid excessive neck tension that could lead to case failure.

### • Avoiding Hazards:

- Always ensure that the bullet is seated correctly in the loading window to prevent misalignment.
- Do not exceed recommended load specifications for your specific cartridge.
- Never place your fingers in the die during operation to avoid injury.
- Be aware of the potential for brass shavings and debris; clean your workspace regularly.

### • Age and Audience Specific Warnings:

- This product is intended for use by individuals who are 18 years or older.
- Ensure that inexperienced users are supervised by knowledgeable individuals when using this product.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your reloading press is securely mounted and stable.
2. Install the neck sizing die according to the manufacturer's instructions, ensuring it is properly aligned.
3. Insert the titanium nitride expander into the die, ensuring a secure fit.
4. Adjust the die to achieve the desired neck tension as per your specifications.

### • Usage:

1. Place the case into the reloading press.
2. Insert the bullet into the bullet loading window.
3. Raise the case into the die to seat the bullet. Ensure that the bullet is aligned correctly.
4. Use the micrometer adjustable, freefloating, selfcentering bullet seating stem for precise adjustments.
5. After seating, remove the completed round and inspect for proper seating depth and alignment.

- **PostUsage:**

- Clean the die set after each use to prevent brass buildup and ensure longevity.
- Store the die set in a cool, dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Check with local waste management authorities for proper disposal methods of hazardous materials.

## Contact Information for Further Support

For any inquiries or support regarding the MATCHMASTER Competition Neck Bushing Die Sets, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the MATCHMASTER Competition Neck Bushing Die Sets!
