

MATCHMASTER COMPETITION NECK BUSHING DIE SETS - RCBS 6MM BR REMINGTON COMPETITON NECK BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The RCBS MatchMaster Competition die sets are the perfect sets of dies for the precision handloader looking to craft the most precise round possible. The neck sizing die utilizes RCBS's precision-machined neck bushings to put the perfect amount of neck tension on each round while not changing the body dimensions of fired cases. The titanium nitride coated expander offers silky-smooth case extraction and reduced brass build up on the expander both of which help reduce the amount of stretch on the case neck. Rounding out this exceptional set is the MatchMaster Competition Seating Die. What sets the MatchMaster seating die apart from the competition is our bullet seating window with bullet retaining system. Simply place the bullet in the window and raise the case into the die to seat the bullet. No more smashed fingers or misaligned bullets! Couple this with a micrometer adjustable, free-floating, self-centering bullet seating stem and you have the easiest, most accurate bullet seating die on the market. NECK SIZING DIE UTILIZES PRECISION-MACHINED NECK BUSHINGS TITANIUM NITRIDE EXPANDER MICROMETER ADJUSTABLE SEATER FREE FLOATING/SELF-CENTERING BULLET SEATING SYSTEM BULLET LOADING WINDOW WITH BULLET RETAINING SYSTEM

MATCHMASTER COMPETITION NECK BUSHING DIE SET SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RCBS MatchMaster Competition Neck Bushing Die Set. This product is designed for precision handloading, ensuring safe and accurate ammunition crafting. Please read and follow these safety instructions carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the die set is used only for its intended purpose, which is handloading ammunition.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Always wear appropriate safety gear, such as safety glasses, when using this product.
- Be aware of your surroundings and ensure you have a clean and organized workspace.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Neck Sizing Die:**
 - Use only the precisionmachined neck bushings provided with the die set.
 - Do not exceed the recommended neck tension settings as specified in the product manual.
- **Titanium Nitride Expander:**
 - Ensure the expander is clean and free of brass buildup before every use.
 - Avoid forcing cases through the expander to prevent damage.
- **Seating Die:**
 - Always ensure the bullet is properly seated in the bullet loading window before raising the case.
 - Avoid placing fingers near the bullet seating mechanism during operation.
- **General Handling:**
 - Store the die set in a dry and safe location when not in use.
 - Do not modify the die set or use it for unintended applications.

Instructions for Installation and Usage

1. Installation:

- Begin by securely mounting the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the neck sizing die is set to the appropriate depth for your cartridge.
- Insert the titanium nitride expander into the expander die and tighten securely.
- Attach the MatchMaster Competition Seating Die, ensuring it is properly aligned.

2. Usage:

- For neck sizing, insert a fired case into the neck sizing die and operate the press to size the neck.
- After sizing, remove the case and check for proper neck tension.
- Insert the case into the seating die and place a bullet in the loading window.
- Raise the case into the die to seat the bullet. Ensure that the bullet is aligned properly.
- After seating, remove the completed round and inspect for proper seating depth.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Recycle materials where possible, ensuring that they do not pose a risk to the environment.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the RCBS MatchMaster Competition Neck Bushing Die Set, please refer to the contact information provided in the product packaging or visit the manufacturer's website for support.

By following these safety instructions, you can ensure a safe and effective handloading experience with your RCBS MatchMaster Competition Neck Bushing Die Set. Thank you for prioritizing safety!
