Incredibly Smooth Cutting-Greatly Increased Life

PERFECT CUT™ PREMIUM THREE-FLUTE TAPS The Reiff & Nestor Company Perfect Cut™ Premium Tap is a high-quality tool designed for gunsmiths and firearm enthusiasts seeking precise and efficient threading solutions. Crafted from high-speed tool steel, these taps are engineered to deliver exceptional performance and durability. Three-Flute Taps: Distribute tapping stresses over a triangular area, facilitating easy starting and maintaining alignment during hand tapping. They are stronger than two-flute taps, making them suitable for hard or tough steels. Specifications: Material: High-speed tool steel Thread Sizes Available: 6-48 8-40 1/4-22 8-32 Customer Insights: Users of the Reiff & Nestor Company Perfect Cut™ Premium Tap have expressed satisfaction with its performance, noting the precision and quality of the threads produced. The taps have received an average rating of 3.4 out of 5 stars from verified buyers, indicating a generally positive reception. Incorporating the Reiff & Nestor Company Perfect Cut™ Premium Tap into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Safety Instruction Guide for PERFECT CUT™ PREMIUM THREEFLUTE TAPS

Introduction

Thank you for choosing the PERFECT CUT™ PREMIUM THREEFLUTE TAPS from Reiff & Nestor Company. This guide provides essential safety instructions to ensure the safe and effective use of your tapping tool. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the taps are used in accordance with the manufacturer's specifications and guidelines.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling and using the taps.
- Keep the taps out of reach of children and unauthorized users.
- Inspect the taps before use for any signs of damage or wear. Do not use damaged taps.
- Store the taps in a secure and dry location to prevent rust and damage.
- Report any unsafe products or accidents to local authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the workpiece is securely clamped to prevent movement during tapping.
- Use cutting fluid to reduce friction and heat during the tapping process.
- Avoid applying excessive force when tapping; let the tool do the work to prevent breakage.
- Always tap at a slow and steady pace to maintain control and precision.
- If you experience resistance while tapping, stop and assess the situation. Do not force the tap.
- Follow the recommended thread size and specifications for your specific application.

Instructions for Installation and Usage

1. Preparation:

- Select the appropriate tap size for your project (e.g., 648, 840, 1/422, 832).
- Ensure that the tap is clean and free from debris.

2. Setup:

- Secure the workpiece in a vice or clamp to prevent movement.
- If using a drill, set it to the correct speed for tapping.

3. Tapping Process:

- Apply cutting fluid to the tap and workpiece to reduce friction.
- Align the tap with the predrilled hole, ensuring it is perpendicular to the surface.
- Begin turning the tap slowly and steadily, applying light pressure.
- After a few turns, reverse the tap to break the chips and clear the threads.
- Continue tapping until the desired depth is reached.

4. PostUsage:

- Clean the tap after use to remove any cutting fluid and debris.
- Store the tap in its original packaging or a protective case.

Disposal Instructions

- Dispose of any damaged or worn taps in accordance with local waste disposal regulations.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding the PERFECT CUT™ PREMIUM THREEFLUTE TAPS, please contact your local distributor or the Reiff & Nestor Company directly.

Thank you for prioritizing safety while using the PERFECT CUT™ PREMIUM THREEFLUTE TAPS. Your careful attention to these guidelines will help ensure a safe and productive experience.
