## Incredibly Smooth Cutting-Greatly Increased Life

PERFECT CUT™ PREMIUM THREE-FLUTE TAPS The Reiff & Nestor Company Perfect Cut™ Premium Tap is a high-quality tool designed for gunsmiths and firearm enthusiasts seeking precise and efficient threading solutions. Crafted from high-speed tool steel, these taps are engineered to deliver exceptional performance and durability. Three-Flute Taps: Distribute tapping stresses over a triangular area, facilitating easy starting and maintaining alignment during hand tapping. They are stronger than two-flute taps, making them suitable for hard or tough steels. Specifications: Material: High-speed tool steel Thread Sizes Available: 6-48 8-40 1/4-22 8-32 Customer Insights: Users of the Reiff & Nestor Company Perfect Cut™ Premium Tap have expressed satisfaction with its performance, noting the precision and quality of the threads produced. The taps have received an average rating of 3.4 out of 5 stars from verified buyers, indicating a generally positive reception. Incorporating the Reiff & Nestor Company Perfect Cut™ Premium Tap into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

# Safety Instruction Guide for PERFECT CUT™ PREMIUM THREEFLUTE TAPS

## Introduction

Thank you for choosing the PERFECT CUT™ PREMIUM THREEFLUTE TAP by Reiff & Nestor Company. This guide provides essential safety instructions to ensure the safe and effective use of this product. By following these guidelines, you can minimize risks and enhance your experience with this highquality tapping tool.

## General Safety Guidelines

- Always read and understand the instruction manual before using the product.
- Ensure that the work area is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the taps.
- Keep the taps out of reach of children and unauthorized users.
- Do not use the taps for purposes other than those specified.
- Regularly inspect the taps for signs of wear or damage before use.
- Store the taps in a safe and dry location when not in use.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Sharp edges: The taps have sharp cutting edges that can cause injury.
- Metal shavings: Tapping operations may produce sharp metal shavings that can cause cuts or injuries.
- Hand fatigue: Prolonged use may lead to hand fatigue or strain.

### • Instructions for Avoiding Hazards:

- Always handle taps with care to avoid cuts.
- Use a brush or vacuum to clean up metal shavings immediately after use.
- Take regular breaks during extended use to prevent hand fatigue.
- Ensure proper alignment and support when tapping to avoid tool slippage.

## Instructions for Installation and Usage

### • Installation:

- Choose the appropriate tap size for your threading needs (available sizes: 648, 840, 1/422, 832).
- Secure the tap in a suitable tap holder or chuck.
- Ensure the tap is aligned with the workpiece before starting the tapping process.

### • Usage:

- Begin tapping at a slow speed to ensure accurate threading.
- Apply consistent pressure while tapping to maintain alignment and prevent breakage.
- Periodically reverse the tap to clear chips and ensure smooth operation.
- Stop using the tap immediately if you encounter excessive resistance or difficulty.

## Disposal Instructions

- Dispose of any damaged or worn taps in accordance with local regulations for metal waste.
- Ensure that all metal shavings and debris are collected and disposed of safely to prevent injury.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the PERFECT CUT™ PREMIUM THREEFLUTE TAPS, please reach out to the appropriate contact point as provided in the product packaging.

By adhering to these safety guidelines, you can ensure a safe and effective experience with your PERFECT CUT™ PREMIUM THREEFLUTE TAPS. Thank you for your attention to safety!
