# Safety Instruction Guide for Fluorescent Target Spots Birchwood Casey Target Dot Assortment 132 Count

## Introduction

Thank you for choosing the Fluorescent Target Spots from Birchwood Casey. This product is designed to enhance your shooting experience by providing high visibility target spots for sighting in rifles. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

## General Safety Guidelines

- Always use the target spots in a safe and controlled environment.
- Ensure that you are familiar with firearms safety rules and regulations.
- Keep target spots out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Avoid using the target spots in extreme weather conditions, such as strong winds or heavy rain, which may affect visibility.
- Do not place the target spots near flammable materials or in locations where they may be exposed to fire.
- Ensure the target spots are applied to a stable and secure surface to prevent them from falling off during use.
- Do not use the target spots for any purpose other than intended (i.e., as shooting targets).

## Instructions for Installation and Usage

### 1. Preparation:

- Choose a suitable location for your target practice, ensuring it is safe and complies with local regulations.
- Ensure that the area is clear of bystanders and that you have a safe backdrop behind the target.

### 2. Applying Target Spots:

- Remove the target spots from their packaging.
- Carefully peel off the backing from each selfadhesive spot.
- Press the target spot firmly onto the chosen surface, ensuring there are no air bubbles.

### 3. Using the Target Spots:

- Once the target spots are applied, use them as you would any standard shooting target.
- Aim at the black diamond center for optimal accuracy during practice.

### 4. PostUse:

- After your shooting session, remove any remaining target spots if they are no longer needed.
- Dispose of any damaged or used target spots according to local disposal regulations.

## **Disposal Instructions**

- Dispose of the target spots in accordance with local waste disposal regulations.
- Do not dispose of the target spots in fire, as they may release harmful substances.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Fluorescent Target Spots, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and enjoyable experience with your Fluorescent Target Spots. Thank you for your attention to safety.
