

# **BULLET COMPARATOR INSERTS - SINCLAIR INTERNATIONAL**

## **BULLET COMPARATOR INSERT, 416 CALIBER (0.416")**

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

The Sinclair Bullet Comparator inserts are meant to be used with the Sinclair Bullet Comparator and Bump Gage Body. These inserts are stainless steel and machined with a taper and a short straight section to more accurately duplicate the chamber throat. This eliminates the wobble experienced with many comparators which have standard drilled holes. Our design allows you to quickly and accurately measure and compare bullet ogive-to-base as well as loaded round ogive-to-cartridge-base measurements. This measurement gives more consistent results than measuring overall lengths since the meplat (the open tip of the bullet) can very by several thousandths of an inch from bullet to bullet.

# Safety Instruction Guide for BULLET COMPARATOR INSERTS SINCLAIR INTERNATIONAL 416 CALIBER (0.416") COMPARATOR INSERT

## Introduction

Thank you for choosing the Sinclair Bullet Comparator Inserts. These inserts are designed to enhance your reloading experience by providing accurate measurements of bullet ogivetobase and loaded round ogivetocartridgebase. This guide provides essential safety instructions to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about any recalls or safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as eye protection, when using the comparator inserts.
- Avoid using the inserts in a wet or damp environment to prevent corrosion.
- Do not force the inserts into the comparator or bump gage body; ensure a proper fit.
- Handle the inserts with care to prevent injury from sharp edges.
- If you notice any unusual behavior during use, stop immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Sinclair Bullet Comparator and Bump Gage Body are clean and free from debris.
- Select the appropriate comparator insert based on the caliber of the bullets you are measuring.
- Align the insert with the opening of the comparator or bump gage body.
- Gently push the insert into place until it is securely fitted.

### 2. Usage:

- Place the bullet or loaded round into the comparator with the ogive facing down.
- Ensure that the bullet is seated correctly against the insert for accurate measurement.
- Use a caliper or similar measuring device to take measurements from the ogive to the base of the bullet or cartridge.
- Record your measurements for future reference.

## Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the stainless steel components where possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the product or safety instructions, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective use of the Sinclair Bullet Comparator Inserts. Thank you for prioritizing safety in your reloading practices.
