

IMPERIAL SIZING DIE WAX-2 OZ.

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

Imperial Sizing Die Wax was developed in the early 1970's, and it has been popular with precision reloaders ever since - look in any shooters reloading box at a benchrest match and you will find a tin. Reloaders like Imperial because of its extremely high lubricity and ease of removal. Full length sizing and forming the toughest wildcats is made easier with Imperial Wax. Cases are easily wiped clean with a paper towel. Comes in 2 oz.

Safety Instruction Guide for Imperial Sizing Die Wax 2 oz.

Introduction

Thank you for choosing Imperial Sizing Die Wax. This product has been designed to enhance the reloading process for precision shooters. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always keep the product out of reach of children and vulnerable individuals.
- Use the product only as intended. Do not apply it to food or any surfaces that come into contact with food.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Regularly check for updates regarding product recalls or safety notices on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- Avoid contact with skin and eyes. In case of contact, wash thoroughly with soap and water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Use in a wellventilated area to avoid inhalation of fumes.
- Dispose of any excess wax or containers in accordance with local regulations.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free from clutter.
- Gather all necessary materials, including the Imperial Sizing Die Wax and a clean paper towel for application and removal.

2. Application:

- Open the tin of Imperial Sizing Die Wax.
- Using your fingers or a clean applicator, apply a thin, even layer of wax to the case or die surface that requires lubrication.
- Avoid overapplication, as this may lead to excess residue.

3. Sizing:

- Proceed with the reloading process as per your usual method.
- After sizing, allow the cases to cool if they have been heated during the process.

4. Removal:

- Once the sizing is complete, take a clean paper towel and wipe away any excess wax from the cases.
- Ensure that all surfaces are free of wax before proceeding to the next steps in your reloading process.

5. Cleaning:

- Clean any tools or surfaces that have come into contact with the wax using a suitable solvent or cleaner.

Disposal Instructions

- Dispose of any unused product and containers in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Check for local recycling options or hazardous waste disposal sites.

Contact Information for Further Support

For any inquiries regarding safety or usage of Imperial Sizing Die Wax, please reach out to your local distributor or manufacturer. They will provide you with the necessary assistance and information.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with Imperial Sizing Die Wax!
