

DECAP ROD ASSEMBLY FOR PISTOL CALIBER PROGRESSIVE PRESS - RCBS POW'R PUNCH DECAP ROD ASSEMBLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

The Pow'r Punch Decap Rod is designed for use with pistol calibers in progressive presses. The rod has a spring-loaded decapping pin that ensures the spent primer is always fully ejected from the primer pocket. It eliminates indexing problems with progressive presses caused by the spent primer jamming the shell plate. The Pow'r Punch Decap Rod works in all RCBS® pistol sizer dies; RCBS pistol sizing dies equipped with the Pow'r Punch Decap Rod Assembly will work in any brand's progressive press that uses standard 7/8-inch-14 threaded dies. For use with pistol calibers in progressive presses Spring-loaded decapping pin ensures the spent primer fully ejects Eliminates indexing problems with progressive presses Works in all RCBS® pistol sizer dies

Safety Instruction Guide for DECAP ROD ASSEMBLY FOR PISTOL CALIBER PROGRESSIVE PRESS RCBS POW'R PUNCH DECAP ROD ASSEMBLY

Introduction

Thank you for choosing the Pow'r Punch Decap Rod Assembly for your reloading needs. This guide provides important safety information and instructions for the safe use of this product. Please read this guide carefully before using the Decap Rod Assembly to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the Decap Rod Assembly is used only with RCBS® pistol sizer dies and compatible progressive presses.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating reloading equipment.
- Keep the work area clean and free from obstructions to prevent accidents.
- Do not allow children or unauthorized individuals to handle or operate the Decap Rod Assembly.
- Regularly inspect the Decap Rod Assembly for any signs of wear or damage before use. Do not use if damaged.
- Follow all manufacturer instructions for the use of the progressive press and associated equipment.

Specific Safety Precautions for Use

- The springloaded decapping pin is designed to eject spent primers safely. Ensure that the pin is functioning properly before use.
- Be cautious when handling spent primers, as they may contain hazardous materials. Dispose of them according to local regulations.
- Avoid placing your hands or any body parts near moving parts of the progressive press during operation.
- Do not attempt to modify or alter the Decap Rod Assembly in any way, as this may compromise safety and performance.
- If you experience any jamming or operational issues, stop using the equipment immediately and consult the troubleshooting section of the product manual.

Instructions for Installation and Usage

1. Installation

- Ensure the progressive press is turned off and unplugged before installation.
- Remove the existing decapping rod from the RCBS® pistol sizer die.
- Insert the Pow'r Punch Decap Rod Assembly into the die, ensuring it is securely in place.
- Check that the springloaded decapping pin is correctly positioned and functioning.

2. Usage

- Load the appropriate pistol caliber cartridge into the shell holder of the progressive press.
- Engage the press and allow it to cycle through the reloading process.
- Monitor the operation closely to ensure that spent primers are ejected properly.
- If a spent primer jams, stop the press immediately and clear the jam before continuing.
- After use, clean the Decap Rod Assembly to remove any residue and ensure longevity.

Disposal Instructions

- Dispose of the Decap Rod Assembly in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of spent primers in regular trash. Follow local hazardous waste disposal guidelines for spent primers.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Pow'r Punch Decap Rod Assembly, please contact the manufacturer or authorized dealer. Ensure to have the product details ready for any assistance required.

By following these guidelines, you can help ensure a safe and effective reloading experience with the Pow'r Punch Decap Rod Assembly. Thank you for your attention to safety!
