

# BULLET PULLER COLLET - RCBS 30 CALIBER BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

# BULLET PULLER COLLET RCBS 30 CALIBER Safety Instruction Guide

## Introduction

Thank you for purchasing the BULLET PULLER COLLET RCBS 30 CALIBER. This product is designed to safely pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and follow the manufacturer's instructions provided with the product.
- Ensure that the bullet puller is used in compliance with the specifications for your reloading press.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Do not use the bullet puller for rimfire ammunition.
- Regularly inspect the bullet puller and collets for wear or damage before use.
- If you experience any issues or the product is not functioning as expected, discontinue use immediately.

## Specific Safety Precautions for Use

- Ensure that the collet installed in the puller body is appropriate for the caliber of the bullet being pulled.
- Avoid using excessive force when pulling bullets to prevent damage to the bullet puller or injury.
- Use the bullet puller only with a compatible 7/814 single stage reloading press.
- Do not attempt to modify the bullet puller or use it for purposes other than intended.
- Follow all local laws and regulations regarding ammunition and reloading equipment.

## Instructions for Installation and Usage

### 1. Installation of the Collet:

- Select the appropriate collet for the caliber of bullet you are working with.
- Ensure the collet is clean and free of debris.
- Insert the collet into the puller body, ensuring it is securely in place.

### 2. Preparing for Use:

- Set up your 7/814 single stage reloading press according to the manufacturer's guidelines.
- Make sure the press is stable and securely mounted.

### 3. Using the Bullet Puller:

- Place the bullet to be pulled into the collet.
- Ensure that the bullet is seated properly within the collet.
- Operate the reloading press to pull the bullet, applying steady and controlled pressure.
- After the bullet is pulled, carefully remove it from the collet.

### 4. PostUse Care:

- Clean the bullet puller and collet after each use to prevent residue buildup.
- Store the bullet puller in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of any damaged or worn parts of the bullet puller in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for reloading equipment and accessories.

## **Contact Information for Further Support**

For any safety inquiries, please refer to the manufacturer's contact details provided with the product. It is important to have access to customer support for any questions or concerns regarding the use of the BULLET PULLER COLLET RCBS 30 CALIBER.

This safety instruction guide is designed to help you use the BULLET PULLER COLLET RCBS 30 CALIBER safely and effectively. Adhering to the guidelines and precautions outlined above will help ensure a safe reloading experience. Thank you for your attention to safety!
