## 17 CALIBER CARBIDE CUTTER FOR OUTSIDE NECK TURNER

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots).

# Safety Instruction Guide for Outside Neck Turner Accessories

## Introduction

Thank you for choosing the Outside Neck Turner Accessories from Forster Products, Inc. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the 17 Caliber Carbide Cutter for the Outside Neck Turner. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while operating the tool.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that all tools and accessories are kept out of reach of children and pets.
- Do not use the product if it is damaged or malfunctioning. Report any defects to the manufacturer.
- Follow all local regulations regarding the use and disposal of tools and accessories.

## Specific Safety Precautions for Use

- Always use the Outside Neck Turner Accessories with Forster Case Trimmers only.
- Ensure that the carbide cutter is securely attached before operation.
- Never place hands or fingers near the cutting area while the tool is in use.
- Use the handfed cam to control the speed of the cut carefully.
- Do not exceed the recommended length of cut as specified in the product specifications.
- Ensure that the outside neck turning pilots are appropriate for the caliber being used.
- Avoid wearing loose clothing or jewelry that may get caught in the tool.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the Forster Case Trimmer is unplugged before installation.
- Attach the carbide cutter securely to the neck turner attachment.
- Adjust the mechanical stop to set the desired length of cut.
- Insert the appropriate outside neck turning pilot for your caliber.

### 2. Usage:

- Plug in the Forster Case Trimmer and turn it on.
- Use the handfed cam to control the speed of the cut, ensuring a steady and even feed.
- Monitor the cutting process closely, ensuring that no foreign objects are in the work area.
- Once the desired neck length is achieved, turn off the trimmer and remove the workpiece carefully.
- Clean the cutter and attachment after use to maintain performance.

## Disposal Instructions

- Dispose of the product and any accessories in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal and plastic components where available.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please contact the customer service department of Forster Products, Inc.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Outside Neck Turner Accessories. Always prioritize safety and remain informed about best practices for tool usage. Thank you for choosing Forster Products, Inc.
