

NECK TURNING CASEHOLDERS - NECK TURNING CASE HOLDER, #6, 220 SWIFT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Accessories](#)

The Sinclair Driver and Caseholder system is designed to hold and turn your case while you are neck turning, cleaning case necks or case mouth deburring. The caseholders and driver are machined from stainless steel, and the driver has a $\frac{1}{4}$ " hex shaft for use in power screwdrivers or low speed drill motors. The driver is universal to the Sinclair system and will work with all the caseholders. Our Universal Caseholder enables you to use this system with our Sinclair Stainless Shell Holders listed on page 29. Select the appropriate shell holders for your favorite cartridges.. The Universal Caseholder works with the same #05-200 driver as our original caseholders, and it is available as a "kit" with the Driver and Universal Caseholder or individually for those who already have a driver. Remember to order the Sinclair Stainless Shell Holders for your Universal Caseholder if you don't already have them. This system is a great, inexpensive way to speed up the neck turning process. Also works great for many other case prep operations.**NOTE: When ordering case holders, you will need to order a case holder driver as they are sold separately.**

Safety Instruction Guide for NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #6, 220 SWIFT

Introduction

Thank you for purchasing the NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #6, 220 SWIFT. This product is designed to assist you in neck turning, cleaning case necks, and deburring case mouths. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always read and follow the instructions provided with the product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, such as safety glasses and gloves, when using the caseholder to protect against debris and sharp edges.
- **Work Area:** Ensure your work area is clean, welllit, and free from distractions. Keep all tools and materials organized.
- **Tool Compatibility:** Use only the recommended driver with the caseholder. The driver has a $\frac{1}{4}$ " hex shaft and is compatible with power screwdrivers or lowspeed drill motors.
- **Proper Handling:** Handle the product with care. Avoid applying excessive force which may lead to damage or injury.
- **Storage:** Store the product in a dry place away from direct sunlight and moisture to prevent corrosion.

Instructions for Installation and Usage

1. Assemble the Driver and Caseholder:

- Attach the driver to the caseholder securely, ensuring a firm connection.

2. Select Appropriate Shell Holders:

- Choose the correct Sinclair Stainless Shell Holders for your cartridges as listed on page 29 of the product manual.

3. Using the Caseholder:

- Insert the case into the caseholder.
- Secure the caseholder in place before turning on the driver.
- Operate the driver at low speed to ensure precision and control while neck turning or performing other case prep operations.

4. PostUse Care:

- Clean the caseholder after use to remove any debris or residue.
- Inspect the caseholder and driver for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste. Consider recycling options if available.

Contact Information for Further Support

For any questions or additional support regarding the NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #6, 220 SWIFT, please refer to the product manual or contact the manufacturer directly.

Conclusion

By following these safety instructions, you will enhance your experience with the NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #6, 220 SWIFT while ensuring your safety and the safety of those around you. Thank you for your attention to these guidelines. Enjoy your product safely!
