

SINCLAIR CARBIDE VLD CASE MOUTH CHAMFERING TOOL - CARBIDE 28 DEGREE CUTTER

[Reloading](#) > [Case Preparation](#) > [Case Mouth Chamfering](#)

This chamfering tool features a removable 28 degree carbide cutter mounted in our large, comfortable Sinclair handle. Intended to prepare cases for VLD or boat tail bullets, but works fine for flat base bullets. Also works great on lead bullets - will not shave the base. When prepping large volumes of cases we use the power adapter in the Sinclair Power Center or with a power screwdriver. Will work on 14 caliber thru 45 caliber cases.

Safety Instruction Guide for Sinclair Carbide VLD Case Mouth Chamfering Tool

Introduction

Thank you for choosing the Sinclair Carbide VLD Case Mouth Chamfering Tool. This tool is designed to enhance your reloading experience by preparing cases for VLD or boat tail bullets. This guide provides important safety instructions and information to help you use the tool safely and effectively.

General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Ensure that the tool is used in a welllit area to avoid accidents.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the tool.
- Be aware of your surroundings and ensure that no one is in close proximity while using the tool.
- Follow local regulations regarding the use and disposal of reloading equipment and materials.

Specific Safety Precautions for Use

- Use the tool only for its intended purpose as described in this guide.
- Do not attempt to modify or alter the tool in any way.
- Avoid using excessive force when operating the tool to prevent damage or injury.
- Always ensure that the cutter is securely attached before use.
- Do not operate the tool if you are under the influence of drugs or alcohol.
- If you experience any discomfort or pain while using the tool, stop immediately and consult a professional.
- Store the tool in a safe and dry place when not in use.

Instructions for Installation and Usage

1. Installation of the Cutter:

- Ensure the handle is clean and free from debris.
- Insert the removable 28degree carbide cutter into the designated slot in the handle.
- Securely tighten the cutter to ensure it does not come loose during operation.

2. Preparing Cases:

- Select the appropriate case size (14 caliber to 45 caliber).
- Insert the case into the chamfering tool.
- Gently rotate the handle to chamfer the mouth of the case, ensuring a smooth and even cut.
- For larger volumes, use the Sinclair Power Center or a power screwdriver for efficiency.

3. After Use:

- Clean the tool to remove any debris or residue.
- Store the tool in a safe location, away from children and pets.

Disposal Instructions

- Dispose of the tool and any associated materials in accordance with local regulations.
- Do not dispose of the tool in household waste. Check for local recycling programs or hazardous waste disposal sites.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Sinclair Carbide VLD Case Mouth Chamfering Tool. Thank you for prioritizing safety in your reloading activities.
