

CO-AX REPLACEMENT JAWS - S SHELL HOLDER JAWS FOR CO-AX PRESS

[Reloading](#) > [Shellholders & Shellplates](#)

This heavy duty press has several innovative features that make it one of the best reloading presses for threaded dies on the market. The design includes: 1) Snap-in, snap-out die change making die changing a two second operation, 2) Automatic self-acting shellholder which supports the case by spring loaded jaws, 3) Positive spent primer catcher collects spent primers and carbon in a container. This press can be used with all standard 7/8"-14 dies (many of them with existing lock rings). Works with all Redding Competition Dies. Great new cover for the Co-Ax Press made from breathable heavy nylon to prevent moisture buildup.

COAX Replacement Jaws Safety Instruction Guide

Introduction

Thank you for choosing the COAX Replacement Jaws Shell Holder Jaws for COAX Press. This product is designed to enhance your reloading experience with safety and efficiency. Please read this safety instruction guide carefully to ensure proper usage and to maintain a safe working environment.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the work area is clean, dry, and welllit.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the press.
- Inspect the product for any damage or wear before each use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Ensure that the COAX Press is securely mounted and stable before use.
- Do not exceed the manufacturer's recommended specifications for die installation and operation.
- Always keep hands and body parts away from moving parts during operation.
- Do not attempt to modify or alter the product in any way.
- Use only compatible dies and accessories with the COAX Press.
- If you notice any unusual noise or operation, stop using the product immediately and inspect it for issues.

Instructions for Installation and Usage

Installation

1. Mounting the COAX Press:

- Choose a stable workbench or surface.
- Securely bolt the press to the workbench using appropriate hardware.
- Ensure that the press is level and does not wobble.

2. Installing the Shell Holder Jaws:

- Remove the existing jaws from the press if applicable.
- Align the new COAX Replacement Jaws with the jaw mount.
- Slide the jaws into place until they are fully seated.
- Ensure that the jaws are securely fastened and operate smoothly.

Usage

1. Die Changing:

- To change dies, simply snap out the current die and snap in the new die.
- Ensure that the die is properly seated and locked in place.

2. Using the Automatic Shellholder:

- Place the case into the shellholder jaws.
- The springloaded jaws will automatically secure the case.

3. Spent Primer Catcher:

- Ensure the spent primer catcher is properly positioned to collect spent primers.
- Regularly check and empty the catcher to prevent overflow.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- For the COAX Replacement Jaws, if they are damaged beyond repair, follow local guidelines for disposal of metal and plastic materials.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the COAX Replacement Jaws Shell Holder Jaws for COAX Press, please refer to the manufacturer's website or customer support resources.

By following these guidelines, you can ensure a safe and effective reloading experience with your COAX Replacement Jaws. Always prioritize safety and adhere to the instructions provided. Thank you for your attention to safety!
