

# **SINCLAIR F-CLASS EXTENDED REST LEG SCREWS - SINCLAIR INTERNATIONAL F-CLASS SHOOTING REST LEG SCRES, EXTENDED**

[Shooting Accessories](#) > [Shooting Rests](#) > [Shooting Rest Accessories](#)

Sinclair F-Class Rest Leg Extensions are designed to elevate rifle rests when used on the ground in F-Class matches and in varmint shooting. They are approximately 2.5 inches longer than standard rest legs and can be used separately or with F-Class Rest Foot Pads. The extra length elevates the rifle rest out of the mud, grass, and gravel and also can serve to anchor the rest into the ground. Sinclair Leg Extensions will fit all Sinclair generation 2, generation 1 and light weight rests. Not new Heavy Varmint or Competition rests.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL F-CLASS SHOOTING REST LEG SCRES, EXTENDED](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

# Safety Instruction Guide for Sinclair FClass Extended Rest Leg Screws

## Introduction

Thank you for choosing the Sinclair FClass Extended Rest Leg Screws. These leg extensions are designed to enhance your shooting experience by elevating rifle rests during FClass matches and varmint shooting. This guide provides essential safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Always inspect the product for any damage or wear before use.
- Ensure that the leg screws are securely attached to the rifle rest before each use.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about any recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Risk of Injury:** Improper use or failure to secure the leg screws can result in the rifle rest collapsing, potentially causing injury.
- **Environmental Conditions:** Use the leg extensions in stable and dry conditions to avoid slipping or instability.
- **Weight Limitations:** Do not exceed the recommended weight limit for your rifle rest when using the leg extensions.
- **Surface Stability:** Ensure that the ground surface is stable and capable of supporting the weight of the rifle rest and extensions.
- **Avoid Overextension:** Do not extend the leg screws beyond their intended length to prevent breakage or instability.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the rifle rest is clean and free of debris.
- Verify that the leg screws are compatible with your Sinclair generation 1 or generation 2 rifle rest.

### 2. Installation:

- Align the leg screws with the mounting points on the rifle rest.
- Securely attach the leg screws by twisting them clockwise until they are firmly in place.
- Doublecheck that the screws are tightly secured before proceeding.

### 3. Usage:

- Position the rifle rest on a stable surface.
- Adjust the height of the leg extensions as needed, ensuring that they are evenly extended for balance.
- Test the stability of the rifle rest before placing your rifle on it.

### 4. PostUse:

- After use, carefully detach the leg screws from the rifle rest.
- Store the leg screws in a dry place, away from moisture and extreme temperatures.

## Disposal Instructions

- Dispose of the Sinclair FClass Extended Rest Leg Screws in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options if available.
- Ensure that all components are disposed of properly to minimize environmental impact.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided by your retailer or manufacturer. Ensure that you have the product details on hand for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Sinclair FClass Extended Rest Leg Screws. Thank you for your attention to safety and responsible usage.
