Safety Instruction Guide for RCBS Progressive Press Shellplate #11

Introduction

Thank you for choosing the RCBS Progressive Press Shellplate #11. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before use.

General Safety Guidelines

- The RCBS Progressive Press Shellplate #11 is designed for use with RCBS standard shellholders. Ensure you have the correct shellholder to avoid any compatibility issues.
- Always inspect the shellplate for any signs of wear or damage before use. Do not use if damaged.
- Keep the shellplate and workspace clean and free from debris to prevent accidents.
- Store the shellplate in a dry place, away from direct sunlight and moisture.
- Ensure that children and vulnerable individuals do not have access to the shellplate or the reloading press.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when using the shellplate, including safety glasses and gloves.
- Make sure the reloading press is securely fastened to a stable work surface before operation.
- Follow all manufacturer instructions for the reloading press and shellplate to ensure safe operation.
- Do not exceed the recommended load limits for your reloading press when using the shellplate.
- Be aware of the potential risks associated with reloading ammunition, including the handling of gunpowder and primers.

Instructions for Installation and Usage

1. Installation

- Ensure the reloading press is unplugged or not in operation.
- Remove any previous shellplate installed on the press.
- Align the RCBS Progressive Press Shellplate #11 with the mounting points on the press.
- Secure the shellplate in place according to the manufacturer's instructions.
- Doublecheck that the shellplate is properly installed before use.

2. Usage

- Load the correct caliber of brass cases into the shellplate before starting the reloading process.
- Follow the reloading press instructions for operating the press with the installed shellplate.
- Monitor the reloading process closely to ensure safe operation.
- If any unusual noises or movement occur during operation, stop immediately and inspect the equipment.

Disposal Instructions

- Dispose of the shellplate in accordance with local regulations for metal products.
- If the shellplate is damaged or no longer usable, consider recycling it rather than throwing it in the trash.
- Ensure that any hazardous materials associated with reloading (such as gunpowder) are disposed of according to local safety guidelines.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RCBS Progressive Press Shellplate #11, please refer to the manufacturer's contact information provided with your product.
