

FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 223 REMINGTON FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

Safety Instruction Guide for Forster Full Length Sizing Dies

Introduction

Thank you for choosing the Forster Full Length Sizing Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the dies to avoid potential hazards and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle reloading dies with care to prevent injury.
- Use the dies only for their intended purpose, which is to resize cartridge cases.
- Keep the dies out of reach of children and vulnerable individuals.
- Regularly inspect the dies for any signs of wear or damage before each use.
- Ensure a clean and organized workspace to minimize the risk of accidents.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, when using reloading equipment.

Specific Safety Precautions for Use

- When using the Full Length Sizing Dies, ensure that the reloading press is securely mounted to a stable surface.
- Follow the manufacturer's instructions for die installation and adjustment carefully to avoid malfunction.
- Avoid using excessive force when resizing cases. This can lead to damage to the dies and potential injury.
- Do not attempt to modify the dies or use them in a manner not specified in the instructions.
- Be aware of your surroundings and ensure that no one is in close proximity while operating the reloading press.
- Always check that the die is properly set before starting the resizing process to avoid accidents.

Instructions for Installation and Usage

1. Installation of the Dies:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Carefully screw the Forster Full Length Sizing Die into the press until it is snug.
- Use the Forster Cross Bolt Die Locking Ring to secure the die in place by tightening both ends of the split ring.

2. Using the Dies:

- Prepare your cartridge cases by cleaning them thoroughly.
- Insert a case into the shell holder of the press.
- Raise the ram of the press to bring the case into contact with the die.
- Slowly lower the ram to resize the case, ensuring that you do not apply excessive force.
- After resizing, remove the case from the shell holder and inspect it for proper sizing.

3. PostUsage Care:

- Clean the dies after each use to prevent corrosion and ensure longevity.
- Store the dies in a dry place, preferably in their original packaging, to protect them from damage.

Disposal Instructions

- When disposing of used or damaged dies, follow local regulations for hazardous waste disposal.
- Do not dispose of the dies in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Forster Full Length Sizing Dies, please reach out to the appropriate support channels as indicated on the product packaging. Always ensure that you have the latest safety information and updates regarding the product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Always prioritize safety and stay informed about best practices in reloading to minimize risks. Thank you for choosing Forster Products, Inc.
