

# SEATER DIES - REDDING SEATER DIE 223 WSSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# SEATER DIES REDDING SEATER DIE 223 WSSM

## Safety Instruction Guide

### Introduction

Thank you for choosing the Redding Seating Die for your reloading needs. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide thoroughly before using the die to ensure proper handling and to minimize risks.

### General Safety Guidelines

- Always handle the die with care to prevent injury.
- Ensure that the die is used in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die and all reloading equipment out of reach of children and unauthorized users.
- Inspect the die for any signs of damage or wear before each use. Do not use a damaged die.
- Follow the manufacturer's instructions for use and maintenance.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the die.
- Ensure that the reloading press is securely mounted and stable before use.
- Never exceed the recommended load specifications for the cartridges you are reloading.
- Use only compatible components with the die to prevent malfunction or accidents.
- Avoid distractions while operating the die to maintain focus and precision.
- Store the die in a dry, secure location when not in use to prevent unauthorized access and damage.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that your reloading press is clean and free from debris.
- Insert the Redding Seating Die into the reloading press according to the manufacturer's instructions.
- Secure the die tightly to prevent movement during operation.
- Attach the bullet guide and seating plug as specified in the product manual.

#### 2. Usage:

- Prepare your cases and ensure they are clean and properly sized.
- Set the die to the desired seating depth using the adjustment features.
- Place a prepared case in the shell holder and lower the ram of the press.
- Insert a bullet into the case mouth and raise the ram to seat the bullet.
- Inspect the seated bullet for proper depth and alignment.
- Repeat the process for additional cartridges, ensuring consistent results.

### Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die becomes damaged or is no longer usable, follow local guidelines for the disposal of metal products.
- Do not dispose of the die in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Redding Seating Die, please refer to the manufacturer's contact information provided on the product packaging or visit their official website.

By following these safety instructions and guidelines, you can ensure a safe and successful reloading experience with the Redding Seating Die. Always prioritize safety and compliance with the EU General Product Safety Regulation. Thank you for your attention and commitment to safe practices.
