

# BENCH REST® SEATER DIES - 6.5 GRENDDEL BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [6.5 GRENDDEL BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749005530
- Mfr. No.: 006017

# Safety Instruction Guide for BENCH REST® SEATER DIES BENCH REST SEATER DIE, 6.5 GRENDL

## Introduction

Thank you for choosing the Forster Bench Rest Seater Die, specifically designed for the 6.5 Grendel cartridge. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this reloading die. Please read this manual carefully before use to avoid risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the reloading die is used only for its intended purpose: to seat bullets in cartridges.
- Always handle reloading equipment with care to prevent accidents and injuries.
- Store the reloading die in a secure location, out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear. If damaged, discontinue use immediately.
- Follow all local laws and regulations regarding reloading and ammunition manufacturing.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Ensure that the reloading area is wellventilated and free from flammable materials.
- Keep the work area organized to prevent accidents caused by clutter or misplaced tools.
- Never point the die or any loaded ammunition at yourself or others.
- Be aware of the potential hazards associated with reloading components, including primers and powders.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the reloading die in a compatible reloading press according to the manufacturer's instructions.
- Ensure that the die is properly tightened to prevent movement during operation.

### 2. Preparation:

- Gather all necessary components: 6.5 Grendel cases, bullets, and the Forster Bench Rest Seater Die.
- Inspect all components for quality and suitability before use.

### 3. Seating Bullets:

- Insert a prepared case into the die's chamber, ensuring it is seated correctly.
- Place a bullet on top of the case mouth.
- Slowly operate the reloading press to seat the bullet into the case. Monitor alignment to ensure concentricity.
- Repeat the process for each round, maintaining careful attention to detail.

### 4. PostUse:

- Clean the die after use to remove any residue or debris.
- Store the die in a dry and secure location to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not dispose of reloading dies in regular household waste. Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please reach out to your local retailer or manufacturer. Ensure you have the product details available for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and successful reloading experience with the Forster Bench Rest Seater Die for 6.5 Grendel. Always prioritize safety and compliance with relevant regulations to protect yourself and others. Thank you for your attention to these important safety measures.
