

BENCH REST® SEATER DIES - 338 LAPUA MAGNUM BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [338 LAPUA MAGNUM BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instruction Guide for BENCH REST® SEATER DIES, 338 LAPUA MAG

Introduction

Thank you for choosing the Forster Bench Rest Seater Dies, specifically designed for reloading 338 Lapua Magnum cartridges. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the reloading area is wellventilated and free from distractions.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the reloading dies and associated equipment out of reach of children and unauthorized individuals.
- Store all reloading materials, including powder and primers, in a secure location.
- Regularly inspect your reloading equipment for wear and damage. Replace any damaged components immediately.
- Follow all local laws and regulations concerning ammunition reloading.

Specific Safety Precautions for Use

- Always read and understand the reloading manual before use.
- Use only the recommended components (bullets, powder, and primers) specified for the 338 Lapua Magnum.
- Ensure that the die is properly secured in the reloading press before use.
- Avoid overtightening the die, as this can lead to damage or malfunction.
- Never attempt to modify or alter the die in any way.
- Keep fingers and hands clear of moving parts during operation.
- Do not use the die if it shows signs of damage or excessive wear.

Instructions for Installation and Usage

1. Installation of the Die:

- Clean the reloading press to remove any debris or residue.
- Screw the Forster Bench Rest Seater Die into the press until snug. Do not overtighten.
- Ensure that the die is aligned correctly with the press.

2. Preparing for Reloading:

- Gather all necessary materials: 338 Lapua Magnum brass cases, bullets, powder, and primers.
- Inspect brass cases for damage or defects before reloading.

3. Reloading Process:

- Insert a cleaned brass case into the die.
- Place a bullet on top of the case neck.
- Pull the reloading press handle to seat the bullet. Ensure that the bullet is seated straight.
- Repeat the process for the remaining cases, ensuring consistent application of force.

4. PostReloading:

- Inspect each round for proper bullet seating and overall condition.

- Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of hazardous materials in regular trash. Follow local guidelines for hazardous waste disposal.
- Ensure that all components are recycled or disposed of in an environmentally responsible manner.

Contact Information for Further Support

For questions or concerns regarding the use of the Forster Bench Rest Seater Dies, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with the Forster Bench Rest Seater Dies. Always prioritize safety and adhere to best practices during the reloading process.
