

BENCH REST® SEATER DIES - 7MM REMINGTON MAGNUM BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [7MM REMINGTON MAGNUM BENCH REST SEATER DIE](#)

BENCH REST® SEATER DIES Safety Instruction Guide

Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the dies to avoid potential hazards and ensure a successful reloading experience.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to avoid accidents.
- Store the dies in a safe place, out of reach of children and pets.
- Regularly inspect the dies for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearms and ammunition.

Specific Safety Precautions for Use

- **Handling:**
 - Always handle the dies with care to avoid injury.
 - Do not attempt to modify or alter the dies in any way.
- **Reloading Process:**
 - Ensure that all components (cases, bullets, and powder) are compatible with the dies.
 - Avoid overfilling cases with powder, as this can cause dangerous malfunctions.
- **Seating Bullets:**
 - Make sure the bullet is seated straight to prevent misfires.
 - Use the Forster Cross Bolt Die Locking Ring to secure the die properly.
- **Heat and Pressure:**
 - Be aware that the reloading process generates heat and pressure. Follow instructions carefully to avoid accidents.

Instructions for Installation and Usage

1. Setup:

- Secure the reloading press to a stable workbench.
- Install the Forster Bench Rest Seater Die into the press according to the manufacturer's instructions.

2. Adjusting the Die:

- Adjust the seating depth by turning the die in the press until the desired setting is achieved.
- Lock the die in place using the Forster Cross Bolt Die Locking Ring.

3. Reloading:

- Insert a clean, resized case into the die.
- Place a bullet on the case mouth.
- Pull the handle of the press to seat the bullet. Ensure the bullet is seated straight and to the correct depth.

4. Final Inspection:

- Inspect the completed round for proper seating and alignment before use.
- Store completed ammunition in a safe and organized manner.

Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Do not throw dies in regular trash; check for local recycling programs or hazardous waste disposal options.
- Ensure that all reloading components are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to the designated contact point provided with the product. Ensure you have the product details ready for efficient assistance.

By following these guidelines and safety instructions, you can ensure a safe and effective reloading experience with the Forster Bench Rest® Seater Dies. Always prioritize safety and proper handling to enjoy the benefits of your reloading activities.
