

# BENCH REST® SEATER DIES - 223 REMINGTONBENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [223 REMINGTONBENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749005570

# Forster Bench Rest® Seater Dies Safety Instruction Guide

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Die for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not addressed by other EU laws.
- Check for recall updates on the EU's Safety Gate platform.
- Report unsafe products and accidents to the appropriate authorities.
- Keep this product out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- Always wear appropriate safety glasses when reloading ammunition.
- Handle all reloading materials with care to avoid accidental ignition or exposure.
- Ensure that your work area is clean and free from clutter to prevent accidents.
- Use the die only for its intended purpose – reloading .223 Remington cartridges.
- Do not exceed recommended load limits specified in reliable reloading manuals.
- Always check the die for any signs of damage or wear before use.
- Keep fingers and other body parts clear of the die's moving parts during operation.

## Instructions for Installation and Usage

### 1. Setup

- Ensure your reloading press is securely mounted and in good working condition.
- Clean the die and press area to remove any debris or contaminants.

### 2. Installation

- Carefully screw the Bench Rest Seater Die into the reloading press.
- Tighten the die securely using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired seating depth according to your reloading specifications.

### 3. Reloading Process

- Insert a clean, resized .223 Remington case into the die.
- Place a bullet on top of the case neck.
- Pull the handle of the reloading press to seat the bullet into the case.
- Inspect the completed round for proper seating and alignment.

### 4. PostUse

- Remove the completed rounds from the press and store them safely.
- Clean the die after each use to maintain its performance and longevity.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in general waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For further assistance, please refer to the contact details provided with your product packaging or visit the Forster Products website.

By following these guidelines, you will ensure a safe and effective reloading experience with your Forster Bench Rest® Seater Die. Always prioritize safety and adhere to best practices while handling reloading equipment.
