

TYPE S BUSHING FULL DIES - 30-06 SPRINGFIELD BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instructions for TYPE S BUSHING FULL DIES 3006 SPRINGFIELD BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES 3006 SPRINGFIELD BUSHING FULL LENGTH TYPE S DIE. This product is designed for fulllength resizing of cartridge cases while maintaining precise control of the case neck. Please read and follow these safety instructions carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions to avoid accidents and injuries.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this product.
- Keep the work area clean and free from clutter to prevent accidents.
- Store the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of damage or wear. Do not use damaged products.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the die only for its intended purpose: resizing 3006 Springfield cartridge cases.
- Ensure that the bushing is properly installed and securely tightened before use.
- Adjust the decapping rod carefully to prevent accidental breakage or injury.
- Handle the cartridge cases with care to avoid cuts or injuries from sharp edges.
- Be aware of the potential for lead exposure when working with ammunition components. Wash hands thoroughly after handling.
- Follow all local regulations regarding the use and disposal of ammunition components.

Instructions for Installation and Usage

1. Installation

- Unpack the die and inspect for any damage.
- Remove the bushing and internal parts if you intend to use the die as a body die.
- Install the die into your reloading press, ensuring it is securely fastened.
- Reinsert the bushing and adjust the decapping rod as needed.

2. Usage

- Begin by preparing your cartridge cases, ensuring they are clean and free of debris.
- Insert the cartridge case into the die and raise the ram of the reloading press to begin resizing.
- Monitor the sizing process closely to ensure consistent results.
- After resizing, remove the cartridge case and inspect it for proper sizing.
- Clean the die and store it in a safe place after use.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste. Check for designated disposal

sites or facilities.

Contact Information for Further Support

For any further inquiries or support regarding the use and safety of the TYPE S BUSHING FULL DIES 3006 SPRINGFIELD BUSHING FULL LENGTH TYPE S DIE, please refer to the manufacturer's contact information provided in the product packaging.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
