

# TYPE S BUSHING FULL DIES - REDDING 6.8MM REMINGTON SPC BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [REDDING 6.8MM REMINGTON SPC BUSHING FULL LENGTH DIE](#)

# **Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 6.8MM REMINGTON SPC BUSHING FULL LENGTH DIE**

## **Introduction**

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 6.8MM REMINGTON SPC BUSHING FULL LENGTH DIE. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die to understand how to operate it safely and effectively.

## **General Safety Guidelines**

- Ensure the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the work area clean and free from distractions to prevent accidents.
- Store the die in a secure location, out of reach of children and pets.
- Regularly inspect the die for signs of wear or damage before use.
- Be aware of your surroundings and ensure that you are using the die in a safe environment.

## **Specific Safety Precautions for Use**

- Do not exceed the recommended load specifications for the cartridge being resized.
- Ensure that the die is properly secured in the reloading press before use.
- Use only compatible bushings as specified by the manufacturer.
- Avoid placing hands or other body parts near moving parts during operation.
- Do not attempt to modify or alter the die in any way.
- If you experience any malfunctions, stop using the die immediately and consult the manufacturer.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure that the reloading press is turned off and unplugged.
- Securely attach the TYPE S BUSHING FULL DIE to the reloading press according to the manufacturer's instructions.
- Insert the appropriate bushing into the die, ensuring it is properly seated.

### **2. Usage**

- Prepare your cartridge cases for resizing by cleaning and inspecting them.
- Adjust the decapping rod to the desired position based on the neck length you wish to size.
- Place the cartridge case into the die and operate the reloading press according to the manufacturer's instructions.
- After resizing, remove the cartridge case and inspect it for any defects.
- Store the die and any used bushings in a safe and organized manner.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies and bushings in accordance with local regulations.
- Do not dispose of the die in household waste. Instead, consider recycling options where available.
- Ensure that any used cartridge cases are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPE S BUSHING FULL DIES REDDING 6.8MM REMINGTON SPC BUSHING FULL LENGTH DIE, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and for choosing Redding products.
