

# TYPE S BUSHING FULL DIES - REDDING 223 REMINGTON SMALL BASE BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [REDDING 223 REMINGTON SMALL BASE BUSHING FULL LENGTH TYPE S DIE](#)
- Manufacturer: [REDDING](#)

# **Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 223 REMINGTON SMALL BASE BUSHING FULL LENGTH TYPE S DIE**

## **Introduction**

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 223 REMINGTON SMALL BASE BUSHING FULL LENGTH TYPE S DIE. This guide provides essential safety instructions and usage guidelines to ensure your safety and the safe operation of this product. Please read this guide carefully before using the product.

## **General Safety Guidelines**

- Ensure that you are familiar with all components of the die before use.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Inspect the die for any damage or wear before use. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Use the die only for the intended purpose of resizing .223 Remington cartridges.
- Ensure that the bushing is correctly installed and adjusted before starting the resizing process.
- Be cautious when adjusting the decapping rod to avoid injury.
- Do not exceed the recommended sizing limits for the bushing.
- Always work in a wellventilated area to avoid inhaling any dust or debris.
- Avoid using the die if you are under the influence of drugs or alcohol.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure the reloading press is securely mounted and stable.
- Remove the die from its packaging and inspect it for any damage.
- Screw the die into the reloading press until it is firmly in place.
- Insert the appropriate bushing for the desired neck sizing.

### **2. Usage**

- Insert the cartridge case into the shell holder of the reloading press.
- Raise the ram of the press to engage the die with the cartridge case.
- Adjust the decapping rod if necessary to achieve the desired neck sizing.
- Lower the ram to complete the resizing process.
- Remove the resized cartridge case and inspect it for quality.

### **3. PostUse**

- Clean the die after each use to remove any debris or residue.
- Store the die in a dry, secure location away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of any damaged or worn parts in accordance with local regulations.
- If you no longer need the product, consider recycling it where facilities are available.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of this product, please refer to the manufacturer's website or contact your local distributor.

Thank you for prioritizing safety and responsible use of the TYPE S BUSHING FULL DIES REDDING 223 REMINGTON SMALL BASE BUSHING FULL LENGTH TYPE S DIE.
