

SINCLAIR CASE NECK SORTING TOOL - CASE NECK SORTING TOOL WITHOUT DIAL INDICATOR

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The Sinclair Case Neck Sorting Tool is designed for the reloader to quickly sort brass by neck wall thickness. Large variances in neck wall thickness can affect the consistency of how the case seals the chamber and is also an indication of variances in body wall thickness. Cases are rotated under an indicator tip while they are supported on a case neck pilot and a support pin through the flash hole. The low profile and stable platform makes for comfortable use and accurate results. The tool works for 22 thru 45 caliber cases and can be used on 17 and 20 caliber cases with the optional carbide alignment rod. Tool can be ordered with or without a dial indicator. Order 17 Caliber and 20 Caliber Sinclair Case Neck Pilots separately. MIC-4 pin fits .060 & .080 flash holes. Available pilot stops. It is intended for use with either a .001" (one thousandth) reading dial indicator or digital indicator, both with a 3/8" shank. This tool will not accept most .0001" (one ten-thousandth) reading dial indicators.

Attributes

- Name: [CASE NECK SORTING TOOL WITHOUT DIAL INDICATOR](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749006612
- Mfr. No.: 591000

Sinclair Case Neck Sorting Tool Safety Instructions

Introduction

Thank you for choosing the Sinclair Case Neck Sorting Tool. This tool is designed to assist reloaders in sorting brass by neck wall thickness, ensuring consistency and accuracy in your reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the tool is used in a welllit and clean workspace.
- Always wear safety glasses to protect your eyes from debris.
- Keep the tool out of the reach of children and unauthorized users.
- Inspect the tool regularly for any signs of damage or wear.
- Do not use the tool for any purpose other than its intended use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the tool only with compatible calibers as specified (22 thru 45 caliber, and optionally with 17 and 20 caliber cases).
- Ensure that the dial indicator is properly calibrated before use.
- Avoid applying excessive force when sorting cases to prevent damage.
- Do not exceed the maximum specifications for the tool (e.g., using the correct pin size for flash holes).
- Follow all manufacturer instructions regarding the installation and use of optional accessories.

Instructions for Installation and Usage

1. Setup:

- Place the Sinclair Case Neck Sorting Tool on a stable surface.
- Ensure that the tool is securely fastened and stable before beginning use.

2. Preparation:

- Select the appropriate case neck pilot for the caliber you are using.
- Insert the case neck pilot into the tool, ensuring it is correctly aligned.
- If using a dial indicator, attach it to the tool with a 3/8" shank.

3. Sorting Cases:

- Insert the brass case through the flash hole onto the case neck pilot.
- Rotate the case slowly to measure the neck wall thickness under the indicator tip.
- Record the measurements for consistency checks.

4. PostUse Care:

- Clean the tool after each use to remove any brass shavings or debris.
- Store the tool in a dry, safe location to prevent damage.

Disposal Instructions

- Dispose of any worn or damaged parts of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for recycling options for metal and plastic components.

Contact Information for Further Support

For safety inquiries or to report issues related to the Sinclair Case Neck Sorting Tool, please reach out to the designated EU contact point for product safety.

By following these safety instructions, you can ensure a safe and effective experience with the Sinclair Case Neck Sorting Tool. Thank you for your attention to safety and for choosing our product for your reloading needs.
