Safety Instruction Guide for Redding Neck Sizing Die Set 20 Tactical

Introduction

Thank you for choosing the Redding Neck Sizing Die Set 20 Tactical. This guide provides essential safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents or injuries.
- Keep the die set out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Inspect the dies for any damage before use. Do not use if damaged.
- Ensure that your workspace is clean and organized to avoid unnecessary hazards.
- Follow all local regulations and guidelines related to reloading and firearm safety.

Specific Safety Precautions for Use

- Use the dies only for their intended purpose, which is to resize cases for the 20 Tactical cartridge.
- Avoid wearing loose clothing or jewelry that could become caught in machinery.
- Do not exceed the recommended load specifications for the dies.
- Always use the decapping rod assembly and neck expander button as instructed to avoid injury.
- Ensure the die set is securely mounted before use to prevent movement during operation.
- Store the die set in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Die:

- Remove the neck sizing die from its packaging.
- Clean the die with a suitable solvent to remove any manufacturing residue.
- Install the neck sizing die into your reloading press by following the manufacturer's instructions for your specific press model.
- Adjust the die to ensure proper contact with the shell holder.

2. Using the Neck Sizing Die:

- Place an empty case into the shell holder of your press.
- Activate the press to lower the die onto the case, resizing it as per your specifications.
- Use the decapping rod assembly to remove spent primers from the case.
- Follow this process for each case you intend to resize.

3. Installation of the Seating Die:

- Remove the seating die from its packaging and clean as necessary.
- Install the seating die into your reloading press, ensuring it is secure.
- Adjust the seating die according to the bullet specifications you are using.

4. Using the Seating Die:

- Place a resized case into the shell holder.

- Insert a bullet into the case mouth.
- Activate the press to seat the bullet to the desired depth.
- Use the builtin crimp ring if required to secure the bullet in place.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local waste disposal regulations.
- Do not discard in regular household waste if the product is considered hazardous.
- Always check with local authorities for proper disposal methods for reloading materials and equipment.

Contact Information for Further Support

For any questions or concerns regarding the Redding Neck Sizing Die Set 20 Tactical, please refer to the manufacturer's website or contact their customer support. Ensure you have your product details ready for efficient assistance.

Thank you for prioritizing safety while using the Redding Neck Sizing Die Set. Enjoy your reloading experience responsibly!
