

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - 6MM

PPC FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Attributes

- Name: [6MM PPC FULL LENGTH DIE SET](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instruction Guide for FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS 6MM PPC FULL LENGTH DIE SET

Introduction

Thank you for choosing the Forster Bench Rest Reloading Die Set. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Always prioritize safety when handling reloading equipment.

General Safety Guidelines

- Ensure that the product is used only by individuals who are knowledgeable about reloading practices.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the reloading area clean and organized to prevent accidents.
- Store the die set in a secure location, away from children and pets.
- Regularly inspect the die set for signs of wear or damage before each use.
- Be aware of your surroundings and ensure no distractions while reloading.

Specific Safety Precautions for Use

- Read and understand the reloading manual associated with your specific cartridge before use.
- Use only the specified cartridge (6 PPC) with this die set to avoid malfunctions or accidents.
- Avoid overtightening the dies during installation, as this can lead to damage or malfunction.
- Always check the sizing die for proper adjustment before beginning the reloading process.
- Do not modify the die set in any way, as this can compromise safety and functionality.
- Follow all local laws and regulations regarding the reloading of ammunition.

Instructions for Installation and Usage

1. Installation of the Dies:

- Begin by cleaning the reloading press and ensuring it is free from debris.
- Carefully unscrew the locking ring on the sizing die and insert the die into the press.
- Adjust the die to the desired position and tighten the locking ring securely.
- Repeat the process for the seater die.

2. Reloading Process:

- Begin by resizing the brass cases using the full length sizing die.
- Follow the manufacturer's instructions for the EZ case neck expander system.
- After resizing, proceed to charge the cases with the appropriate powder charge as per your reloading manual.
- Finally, use the seater die to seat the bullets to the desired depth. Ensure proper alignment during this process.

3. PostReloading:

- Inspect each completed round for defects or irregularities.
- Store completed ammunition in a safe and secure manner, clearly labeled with the contents.

Disposal Instructions

- Dispose of any damaged or unusable components of the die set in accordance with local regulations.
- Do not discard any reloading materials in regular trash; follow specific guidelines for hazardous waste disposal in your area.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please consult the manufacturer's website or contact the customer support team directly. It is important to have access to professional assistance for any concerns related to the die set.

By following these safety guidelines and instructions, you can ensure a safer reloading experience with your Forster Bench Rest Reloading Die Set. Always prioritize safety and compliance with local laws and regulations.
