

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 22 HORNET MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 22 HORNET MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006821
- Mfr. No.: U00004
- Cartridge: 22 Hornet
- Diameter (in): -
- Die Style: Bullet Seating Dies
- Delivery weight: 0.454kg
- Shipping height: 56mm

# ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety information to ensure the safe and effective use of this product. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the ULTRA™ MICROMETER SEATER DIES by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about product recalls and safety updates. Check the EU's Safety Gate platform regularly for any notifications.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Be aware of the Safety Gate system that provides timely updates on unsafe products.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading dies.
- Ensure that the workspace is clean and free from clutter to prevent accidents while using the dies.
- Avoid using the dies in wet or damp conditions to prevent electrical hazards and equipment damage.
- Keep fingers and other body parts clear of moving parts during operation.
- Do not exceed the recommended specifications for reloading components as outlined in the product specifications.
- Ensure that the dies are securely mounted and stable before use to prevent accidents.
- Regularly inspect the dies for wear or damage. Do not use if any parts are broken or malfunctioning.

## Instructions for Installation and Usage

### 1. Installation:

- Read the product manual thoroughly before installation.
- Ensure that the workbench or reloading press is sturdy and level.
- Securely attach the ULTRA™ MICROMETER SEATER DIE to the reloading press according to the manufacturer's instructions.
- Tighten the Forster Cross Bolt Die Locking Ring to ensure stability.

### 2. Usage:

- Set the micrometer adjustment to the desired bullet seating depth, ensuring accuracy.
- Place the cartridge case in the die and ensure it is properly aligned.
- Operate the reloading press smoothly, applying consistent pressure.
- After seating the bullet, check the seating depth using a caliper to ensure it meets specifications.
- If switching bullets, return to the previously recorded micrometer setting for consistency.

## **Disposal Instructions**

- Dispose of any used or damaged reloading dies in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with local authorities for proper disposal methods for metal and other materials.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the contact information provided by the retailer or manufacturer. Ensure that you have the product details ready for a more efficient response.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with the ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and compliance.
