# Redding Neck Sizing Die Set Safety Instructions

## Introduction

Thank you for choosing the Redding Neck Sizing Die Set for your reloading needs. This guide provides essential safety information and instructions for the safe use of the product. Please read this manual carefully to ensure proper handling and to minimize any risks associated with the use of this product.

## General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents and injuries.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while handling materials and equipment.
- Keep the product out of reach of children and unauthorized individuals.
- Store the dies in a secure location when not in use to prevent damage or misuse.
- Regularly check the equipment for signs of wear or damage. Replace any damaged parts immediately.
- Follow local regulations and guidelines regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Ensure that the Neck Sizing Die is compatible with the 17 Mach IV cartridge before use.
- Do not exceed the recommended load specifications for your ammunition.
- Avoid using the die set if you are unfamiliar with reloading processes. Seek guidance from experienced reloaders or instructional materials.
- Keep fingers and other body parts clear of the die during operation to prevent injury.
- Use the decapping rod assembly carefully to avoid mishaps during the decapping process.
- Be cautious when using the neck expander button; ensure that it is properly aligned before applying force.
- Always follow the manufacturer's instructions for the Seating Die, including the use of the bullet guide and crimp ring.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the Redding Neck Sizing Die Set, reloading press, and safety equipment.
- Ensure that your workspace is welllit and organized.

### 2. Installation:

- Secure the Neck Sizing Die into your reloading press according to the manufacturer's instructions.
- Attach the decapping rod assembly to the die, ensuring it is properly seated.
- Adjust the neck expander button as needed based on the specifications of your cartridge.

### 3. Usage:

- Start with the Neck Sizing Die:
  - Insert the cartridge case into the die and operate the press to size the neck.
  - Use the decapping rod to remove the spent primer.
- Proceed to the Seating Die:
  - Insert the bullet into the cartridge case and position it in the Seating Die.
  - Operate the press to seat the bullet to the desired depth.

- Use the builtin crimp ring to secure the bullet in place if necessary.

#### **4. PostUsage:**

- Clean the dies after each use to remove any debris and prevent corrosion.
- Store the dies in their original packaging or a secure container.

## **Disposal Instructions**

- Dispose of any spent primers and damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Neck Sizing Die Set, please consult the manufacturer's website or your local retailer for assistance. Always refer to the latest safety updates and product recalls through the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safer reloading experience with the Redding Neck Sizing Die Set. Always prioritize safety and take the necessary precautions to protect yourself and others while using this product.
