

# PRO-SERIES CARBIDE + G1298 DIE SETS - REDDING 38 SPECIAL/357 MAGNUM CARBIDE 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

For those of you who want the best in pistol dies consider a Redding Titanium Carbide Set. Titanium Carbide has the highest hardness of any readily available carbide and provides a slick, non-galling surface. The price is a little higher but no lubrication is needed and your cases will glide through the sizing die. Pro Series Pistol Die Sets are designed for use in progressive reloading machines. The expander die is eliminated from the set and a separate crimp die is substituted. The set includes a carbide sizing die, bullet seater (no crimp type), and a separate crimp die. Please note: These dies are specifically designed for progressive machines that expand the case mouth at the powder metering station so no expander die is included with this die set.

## Attributes

# Safety Instruction Guide for PROSERIES CARBIDE + G1298 DIE SETS REDDING 38 SPECIAL/357 MAGNUM CARBIDE 3DIE SET

## Introduction

Thank you for choosing the PROSERIES CARBIDE + G1298 DIE SETS REDDING 38 SPECIAL/357 MAGNUM CARBIDE 3DIE SET. This product is designed for safe and efficient reloading of ammunition. Please read this safety instruction guide carefully to ensure proper usage and to minimize risks associated with reloading.

## General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding ammunition reloading in your area.
- Always use this product in a wellventilated area to avoid inhalation of any dust or particles generated during the reloading process.
- Keep this product out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The die set is designed for use with specific cartridges (357 Magnum and 38 Special). Using it with incompatible cartridges may lead to malfunction or injury.
- The carbide dies are sharp; handle with care to avoid cuts.

- **Avoiding Hazards:**

- Do not exceed recommended load specifications provided by your powder manufacturer.
- Ensure that all equipment used in conjunction with the die set is in good working condition.
- Never attempt to modify the die set or use it for purposes other than intended.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals who are at least 18 years of age and have experience with ammunition reloading.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure your reloading press is securely mounted and stable.
2. Install the carbide sizing die into the press according to the manufacturer's instructions.
3. Follow the same procedure for the bullet seater and crimp die.

- **Usage:**

- Start by sizing the cases using the carbide sizing die. Ensure that cases are clean and free of debris.

- Insert the bullet into the case mouth and use the bullet seater die to seat the bullet to the desired depth.
- Use the crimp die to apply a crimp to the case mouth, ensuring that the bullet is secure.
- Follow all recommended safety procedures when handling powders and primers during the reloading process.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of reloading components in regular household waste. Check with local waste management authorities for proper disposal methods.
- Ensure that any damaged or wornout components of the die set are disposed of safely to prevent injury.

## **Contact Information for Further Support**

For any questions or concerns regarding the PROSERIES CARBIDE + G1298 DIE SETS REDDING 38 SPECIAL/357 MAGNUM CARBIDE 3DIE SET, please refer to the manufacturer's contact details provided in the product packaging or user manual.

Thank you for prioritizing safety while enjoying your reloading experience!
