

# PRO-SERIES CARBIDE + G1298 DIE SETS - REDDING 45 AUTO CARBIDE 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

For those of you who want the best in pistol dies consider a Redding Titanium Carbide Set. Titanium Carbide has the highest hardness of any readily available carbide and provides a slick, non-galling surface. The price is a little higher but no lubrication is needed and your cases will glide through the sizing die. Pro Series Pistol Die Sets are designed for use in progressive reloading machines. The expander die is eliminated from the set and a separate crimp die is substituted. The set includes a carbide sizing die, bullet seater (no crimp type), and a separate crimp die. Please note: These dies are specifically designed for progressive machines that expand the case mouth at the powder metering station so no expander die is included with this die set.

## Attributes

- Name: [REDDING 45 AUTO CARBIDE 3-DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007140

# PROSERIES CARBIDE + G1298 DIE SETS REDDING 45 AUTO CARBIDE 3DIE SET Safety Instructions

## Introduction

Thank you for choosing the PROSERIES CARBIDE + G1298 DIE SETS REDDING 45 AUTO CARBIDE 3DIE SET. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the die set to understand the precautions necessary for safe operation.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before using this product.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading dies and materials.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a safe place, out of reach of children and pets.
- Regularly inspect the die set for signs of wear or damage. Replace any damaged components immediately.
- Follow all local laws and regulations regarding ammunition reloading and usage.

## Specific Safety Precautions for Use

- Do not use the die set for any other purpose than intended. This product is designed specifically for reloading .45 Auto (ACP) cartridges.
- Avoid using excessive force when operating the dies to prevent damage or personal injury.
- Ensure the reloading press is securely mounted and stable before use.
- Do not exceed recommended load data for the cartridges being reloaded.
- Always doublecheck the setup of your reloading equipment before starting the reloading process.
- Be cautious of any sharp edges on the dies; handle with care to avoid cuts.
- If you experience any issues during reloading, stop immediately and assess the situation before proceeding.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the reloading press on a stable surface.
- Install the carbide sizing die in the press according to the manufacturer's instructions.
- Attach the bullet seater die (no crimp type) and the separate crimp die as needed.
- Ensure all dies are tightened properly to prevent movement during operation.

### 2. Usage:

- Prepare your .45 Auto (ACP) cases by cleaning and inspecting them for defects.
- Insert the case into the sizing die and operate the press to resize the case.
- After resizing, remove the case and proceed to the bullet seating process using the bullet seater die.
- Finally, crimp the bullet using the separate crimp die to ensure proper bullet retention.
- Always check the final product for consistency and safety before use.

## Disposal Instructions

- Dispose of any unused or damaged components of the die set in accordance with local waste disposal regulations.
- Do not dispose of any materials in a manner that could harm the environment or pose a risk to public safety.
- If you have any questions about disposal, consult your local waste management authority for guidance.

## Contact Information for Further Support

For any questions or concerns regarding the PROSERIES CARBIDE + G1298 DIE SETS REDDING 45 AUTO CARBIDE 3DIE SET, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can help ensure a safe and effective reloading experience. Thank you for your attention to these important guidelines.
