Safety Instruction Guide for the Redding 6mm Remington Instant Indicator

Introduction

Thank you for choosing the Redding 6mm Remington Instant Indicator. This precision tool is designed to assist hand loaders in measuring headspace and bullet seating depth accurately. To ensure safe and effective use of this product, please read and follow all safety instructions carefully.

General Safety Guidelines

- Always use the Redding 6mm Remington Instant Indicator as intended.
- Ensure that the tool is in good working condition before each use.
- Keep the tool out of reach of children and vulnerable individuals.
- Be aware of your surroundings when using the tool to avoid accidents.
- Report any unsafe conditions or product defects to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Eye Injury:** Always wear safety glasses when using the tool to protect your eyes from debris or sudden movements.
- **Sharp Edges:** Handle the tool carefully to avoid cuts from sharp edges.
- **Proper Handling:** Do not apply excessive force when using the tool; this may cause damage or lead to inaccurate readings.
- **Work Area:** Use the tool in a welllit and stable work area to minimize the risk of accidents.
- **Child Safety:** This product is not intended for use by individuals under the age of 18. Keep it stored securely away from children.

Instructions for Installation and Usage

Installation

1. **Unpack the Tool:** Carefully remove the Redding 6mm Remington Instant Indicator from its packaging.
2. **Inspect the Components:** Ensure all components are included: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and complete instructions.
3. **Set Up:** Follow the instructions provided to set up the tool for your specific measurements.

Usage

1. **Sorting Bullets:** Use the tool to compare bullet uniformity by measuring seating depth.
2. **Sorting Cases:** Sort fired cases from two or more rifles for uniformity using the Instant Indicator.
3. **Setting Up Sizing Die:** Ensure the sizing die is set up correctly using the measurements taken from the tool.
4. **Comparing Cases:** Compare sized cases to fired cases to determine headspace.
5. **Checking Uniformity:** Regularly check the uniformity of shoulder bump and bullet seating depth.
6. **Trimming Cases:** Determine when cases need trimming and check trim length uniformity.

Disposal Instructions

- Dispose of the Redding 6mm Remington Instant Indicator according to local regulations.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, consider recycling the materials if possible.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided in the product packaging or on the manufacturer's website.

Conclusion

The Redding 6mm Remington Instant Indicator is a valuable tool for hand loaders. By following these safety instructions, you can ensure a safe and effective experience while using this product. Always prioritize safety and report any concerns to the appropriate authorities. Thank you for your attention to these important safety guidelines.
