Redding Instant Indicator Safety Instructions

Introduction

Thank you for choosing the Redding Instant Indicator. This precision tool is designed for hand loaders to ensure the accuracy of headspace and bullet seating depth. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that the Redding Instant Indicator is used in accordance with the instructions provided.
- Always handle the tool with care to avoid injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- If you notice any defects, do not use the tool and contact customer support for assistance.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before using the Redding Instant Indicator, ensure that you are familiar with its components: bore diameter bushing, surface contactor, shoulder contactor, and headspace gauge.
- Do not use the tool for purposes other than those specified in this guide.
- Avoid applying excessive force when using the tool to prevent damage to the indicator or injury.
- Always ensure that the tool is properly calibrated before use.
- Use eye protection when working with ammunition and reloading tools.
- Store the tool in a safe and dry place when not in use.

Instructions for Installation and Usage

1. Setup

- Remove the Redding Instant Indicator from its packaging.
- Attach the appropriate bore diameter bushing to the tool based on the cartridge you are using (220 Swift).
- Ensure that all components are securely fastened.

2. Using the Tool

- To compare bullets and seating depths:
 - Place the bullet or case in the appropriate holder.
 - Adjust the contactor until it rests against the bullet or case.
 - Read the measurement displayed on the gauge.
- For sorting bullets and cases:
 - Use the Instant Indicator to check for uniformity.
 - Sort accordingly based on the measurements obtained.
- For checking headspace:
 - Compare sized cases to fired cases.
 - Ensure that the measurements are within the specified tolerances.

3. PostUse Care

- After using the tool, clean it to remove any debris or residue.
- Store the tool in its original packaging or a safe location to prevent damage.

Disposal Instructions

- Dispose of the Redding Instant Indicator in accordance with local regulations.
- Do not dispose of the tool in household waste.
- Check with local authorities for proper disposal methods of precision tools and components.

Contact Information for Further Support

For any inquiries regarding the Redding Instant Indicator, including safety concerns or product support, please refer to the contact information provided with your purchase.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
