Safety Instruction Guide for the Redding 300 Winchester Magnum Instant Indicator

Introduction

Thank you for choosing the Redding 300 Winchester Magnum Instant Indicator. This precision tool is designed for hand loaders to ensure accurate measurements of headspace and bullet seating depth. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions outlined in this document.

General Safety Guidelines

- Always handle the Instant Indicator with care to avoid injury.
- Ensure that you are familiar with all components and their functions before use.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading tools and ammunition.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses when using this tool to protect your eyes from debris.
- **Work Environment:** Use the Instant Indicator in a welllit and clean area to prevent accidents.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while using the tool.
- **Proper Technique:** Use the tool in accordance with the instructions to prevent injury or damage to the product.
- **Storage:** Store the Instant Indicator in a safe place when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Unpacking the Tool:

- Carefully remove the Instant Indicator and all included components from the packaging.
- Check that all parts are present: bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and dial indicator.

2. Setting Up the Tool:

- Select the appropriate bore diameter bushing based on your ammunition specifications.
- Attach the surface contactor and shoulder contactor securely to the tool.
- Ensure that the dial indicator is properly calibrated before use.

3. Using the Instant Indicator:

- **Measuring Headspace:**
 - Insert a fired case into the tool.
 - Use the dial indicator to measure the headspace accurately.
- **Comparing Bullet Seating Depth:**
 - Place a bullet in the tool and adjust the contactor to measure the seating depth.
- **Sorting Cases and Bullets:**
 - Use the tool to sort fired cases, sized cases, and bullets for uniformity.
- **Checking Trim Length:**

- Measure the trim length of cases to determine if they need trimming.

4. PostUse Care:

- Clean the tool after use to remove any debris or residue.
- Store the Instant Indicator in a protective case to maintain its condition.

Disposal Instructions

- Dispose of the Instant Indicator and any components in accordance with local waste disposal regulations.
- Do not dispose of the tool in regular household waste if it is damaged or contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or support related to the Redding 300 Winchester Magnum Instant Indicator, please contact the appropriate EUbased support service. Ensure you have your product details ready for reference.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Redding 300 Winchester Magnum Instant Indicator. Thank you for your attention to safety.
