

# COMPETITION PRO 3-DIE SETS - REDDING COMPETITION PRO 3-DIE SET 45-70 GOVERNMENT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

These Competition Pro Series three die sets are also designed for use in progressive reloading machines by reloaders seeking the most advanced bullet alignment available. Since carbide dies are not available for certain cartridges, the sizing die is Redding's unique 91000 series in heat-treated steel. To apply a tighter, more uniform roll type crimp, our popular Profile Crimp Die is used. No expander die is included, as most popular progressive machines expand the case mouth at the powder metering station. Includes a Sizing die, Competition Seating Die with Micrometer, and Profile Crimp Die.

## Attributes

- Name: [REDDING COMPETITION PRO 3-DIE SET 45-70 GOVERNMENT](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007765
- Mfr. No.: 58209
- Cartridge: 45-70 Government
- Delivery weight: 0.794kg
- Shipping height: 41mm
- Shipping width: 112mm
- Shipping length: 152mm
- UPC: 611760582097

# COMPETITION PRO 3DIE SET Safety Instruction Guide

## Introduction

Thank you for choosing the COMPETITION PRO 3DIE SET for your reloading needs. This guide provides essential safety instructions to ensure the safe use of your die set, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the die set by following these guidelines:
  - Always read and understand the product manual before use.
  - Keep the die set out of reach of children and vulnerable individuals.
  - Use the die set only for its intended purpose as specified in this guide.
  - Regularly inspect the die set for any signs of wear or damage.
  - If you notice any defects, discontinue use immediately and seek assistance.
  - Always wear appropriate safety gear, such as safety glasses, when using the die set.
  - Do not modify the die set in any way.

## Specific Safety Precautions for Use

- When using the COMPETITION PRO 3DIE SET, please observe the following precautions:
  - **Sizing Die:** Ensure proper alignment with your reloading press to avoid jamming or misalignment.
  - **Seating Die:** Adjust the micrometer carefully to achieve the desired bullet seating depth. Overseating can cause dangerous pressure levels.
  - **Profile Crimp Die:** Use the crimp die only after the bullet is seated to the correct depth to prevent bullet setback.
  - **Carbide Dies:** Note that carbide dies are not available for certain cartridges; always use the correct die for your cartridge type.
  - **Progressive Reloading Machines:** Be aware that most progressive machines expand the case mouth, eliminating the need for an expander die.
  - Store the die set in a dry, cool place to prevent corrosion and damage.

## Instructions for Installation and Usage

- Follow these steps to install and use your COMPETITION PRO 3DIE SET safely:
  1. **Installation:**
    - Securely mount the reloading press to a stable workbench.
    - Install the sizing die into the press according to the manufacturer's instructions.
    - Follow with the seating die and then the profile crimp die.
  2. **Usage:**
    - Prepare your brass cases by cleaning and inspecting them for defects.
    - Use the sizing die to resize the cases before reloading.
    - Adjust the seating die using the micrometer to set the desired bullet seating depth.
    - After seating, use the profile crimp die to apply a uniform crimp.
    - Always check the first few rounds for proper fit and function before continuing with the batch.

## Disposal Instructions

- When disposing of the COMPETITION PRO 3DIE SET, please follow these guidelines:
  - Do not dispose of the die set in regular household waste.

- Check local regulations for proper disposal of metal products.
- If the die set is damaged beyond repair, consider recycling the materials where possible.

## **Contact Information for Further Support**

- For any safety inquiries or concerns regarding the COMPETITION PRO 3DIE SET, please contact the manufacturer or your local distributor. Ensure you have the product details ready for reference.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with your COMPETITION PRO 3DIE SET. Always prioritize safety and compliance with the guidelines provided. Thank you for your attention to these important safety measures.
