

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 284 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 284 WIN](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007934
- Mfr. No.: 56141

# Safety Instruction Guide for Redding Competition Bushing Neck Die 284 Win

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 284 Win. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read these instructions carefully before use.

## General Safety Guidelines

- Ensure that you are familiar with the die and its components before starting any reloading process.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents and to ensure that all tools and materials are easily accessible.
- Store the die in a safe, dry place away from children and pets.
- Be aware of the specific cartridge you are using and ensure that it is compatible with this die.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for your cartridge.
- Always inspect the cartridge cases for damage before resizing. Do not use damaged cases.
- Ensure that the die is securely mounted in the reloading press before use.
- Avoid placing your fingers near the die while resizing to prevent injury.
- Do not attempt to modify the die or its components. Doing so may result in malfunction or injury.
- If you experience any difficulties during the resizing process, stop immediately and inspect the die and the cartridge case for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Redding Competition Bushing Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the decapping rod is properly aligned and that the resizing bushing is correctly installed.

### 2. Usage:

- Place a cartridge case into the die, ensuring it is fully seated.
- Adjust the micrometer to the desired neck length for resizing.
- Slowly operate the reloading press to begin the resizing process. Ensure that the cartridge case remains supported throughout the operation.
- After resizing, carefully remove the cartridge case from the die.
- Inspect the resized cartridge case for any signs of damage or irregularities.

## Disposal Instructions

- Dispose of any damaged or unusable cartridge cases according to local regulations.
- Ensure that all components of the die are disposed of in an environmentally responsible manner, following local waste disposal guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the Redding Competition Bushing Neck Die, please consult the manufacturer or your retailer for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die 284 Win. Thank you for prioritizing safety in your reloading practices.
