

COMPETITION SEATER DIES - REDDING 30 BR BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Die

Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide thoroughly before using the die.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before using this product.
- Always use the die in accordance with the manufacturer's instructions.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die regularly for any signs of wear or damage before each use.
- Use appropriate personal protective equipment (PPE), including safety glasses, when working with reloading equipment.
- Be aware of your surroundings and ensure your workspace is clean and organized to prevent accidents.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the die only with compatible cartridges (30 BR Benchrest Remington).
- Ensure that the micrometer adjustable feature is set correctly before use to avoid incorrect seating depth.
- Do not force the die or any components beyond their intended use.
- Avoid using the die with damaged or improperly sized components.
- Always doublecheck measurements and settings before proceeding with reloading.
- Never leave the die unattended while in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and properly set up.
- Thread the Redding Competition Bullet Seater Die into the press, ensuring it is securely tightened.
- Adjust the die to the desired height according to your reloading specifications.

2. Usage:

- Prepare the cartridge case by ensuring it is clean and free from obstructions.
- Insert the bullet into the case mouth.
- Adjust the micrometer on the die to your desired seating depth, ensuring it is set in .001" increments.
- Slowly lower the press handle to seat the bullet. Ensure smooth operation without excessive force.
- After seating, check the overall cartridge length to ensure it meets your specifications.
- Repeat the process as necessary for additional cartridges.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of the die in regular trash. Instead, follow local guidelines for hazardous waste disposal if applicable.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any inquiries or further assistance regarding the Redding Competition Bullet Seater Die, please refer to the manufacturer's customer support resources.

Conclusion

Following these safety guidelines and instructions will help ensure a safe and effective reloading experience with the Redding Competition Bullet Seater Die. Always prioritize safety and remain informed about the proper use of your reloading equipment. Thank you for your attention to these important safety measures.
