## COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

### Attributes

- Name: [222 REMINGTON COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749008212

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the die set.
- Ensure you are familiar with the reloading process and the specific requirements for the 222 Remington cartridge.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when reloading.
- Store the die set in a dry, secure location when not in use.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use of the die set can lead to cartridge malfunction or personal injury.
  - Ensure that the sizing bushing is compatible with the cartridge case being used.
- **Avoiding Hazards:**
  - Do not attempt to resize cases that are damaged or excessively worn.
  - Ensure that the die set is securely mounted to your reloading press before use.
  - Always check that the decapping rod is properly aligned before starting the sizing process.
- **Age Specific Warnings:**
  - This product is intended for use by adults only. Keep it away from minors.

## Instructions for Installation and Usage

1. **Installation:**
  - Securely attach the Competition Bushing Neck Sizing Die to your reloading press according to the manufacturer's instructions.
  - Install the Body Die in the same manner, ensuring it is properly aligned.
  - Insert the appropriate bushing into the sizing die based on the desired neck size.
2. **Usage:**
  - Start by preparing your cartridge cases by cleaning and inspecting them.
  - For the neck sizing process:
    - Place the cartridge case into the die and ensure it is fully supported.
    - Adjust the micrometer to set the desired neck length.
    - Slowly raise the press handle to initiate the sizing process, ensuring the case remains aligned.
  - For body resizing:
    - Insert the cartridge case into the Body Die and follow the same procedure to resize the body and bump the shoulder.
  - When using the Competition Bullet Seater, insert the bullet into the seating stem and adjust the micrometer for the desired overall length.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact information included in the product packaging or on their official website.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the Redding Competition Bushing Neck Die Set. Always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for your attention to these important safety measures.
