

CHARGEMASTER POWDER DISPENSER / SCALE COMBO - RCBS

CHARGEMASTER COMBO (220V)-SCALE AND DISPENSER

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Throws Precise, Consistent Powder Charges; Programmable Memory Stores Your Favorite Loads

Automated powder measure system combines two precision RCBS products – the Chargemaster 1500 Scale and Chargemaster Automatic Powder Dispenser – that let you meter out exact charges of smokeless powder for almost any-size cartridge. Accurately weighs and dispenses from 2 to 300 grains of any extruded (stick), ball (spherical), and flake smokeless powder. Not only accurate but fast, too, for a “trickle” dispenser: average dispensing time is about 20 seconds for a 60 grain extruded powder charge. Electronic control lets you simply punch in the exact-size charge you need – and stores up to 30 of your favorite loads in memory for instant recall. The front-to-back layout allows easy access to the scale for right or left-handed users. The clear cover eliminates fluctuations in charge weight caused by air currents. Powder drain lets you easily empty the powder hopper. Power to the scale is provided by a direct connection from the dispenser to the scale, so there’s only one power cord to wrangle. If you already own a Chargemaster 1500 scale, the dispenser may be purchased separately.

RCBS ChargeMaster Combo (220V)-Scale and Dispenser

Do not use with black powder.

Attributes

- Name: [RCBS CHARGEMASTER COMBO \(220V\)-SCALE AND DISPENSER](#)
- Manufacturer: [RCBS](#)
- Product no.: 749008398
- Mfr. No.: 98924
- Accuracy: 0.1 grains
- Capacity: 1500 grains
- Delivery weight: 2.812kg
- UPC: 076683989246

CHARGEMASTER POWDER DISPENSER / SCALE COMBO Safety Instructions

Introduction

Thank you for choosing the RCBS ChargeMaster Combo (220V) Scale and Dispenser. This product is designed to measure and dispense smokeless powder safely and accurately. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose: measuring and dispensing smokeless powder.
- Always follow the manufacturer's instructions for setup and operation.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates regarding product recalls and safety notices.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Be aware of the potential hazards associated with handling smokeless powder.

Specific Safety Precautions for Use

- Use the product in a wellventilated area to avoid inhalation of any powder particles.
- Avoid direct skin contact with smokeless powder; wear gloves if necessary.
- Do not operate the dispenser near open flames or heat sources.
- Ensure the electrical outlet used is compatible with 220V AC power.
- Regularly inspect the product for any signs of damage or wear before use.
- Do not attempt to repair or modify the product without professional assistance.

Instructions for Installation and Usage

1. Installation:

- Place the ChargeMaster Combo on a stable, flat surface away from any potential hazards.
- Ensure the power switch is in the "off" position before connecting to the power supply.
- Plug the device into a suitable 220V AC outlet.

2. Setup:

- Turn on the device using the power switch.
- Follow the onscreen prompts to calibrate the scale if necessary.
- Ensure that the scale is zeroed before adding any powder.

3. Usage:

- Measure the desired amount of smokeless powder according to your specific requirements.
- Use the dispenser to dispense the powder accurately, ensuring to follow the guidelines for weight and accuracy (1500 grains capacity, +/- 0.1 grains).
- After use, clean the dispensing area to prevent any powder residue buildup.

4. PostUse:

- Turn off the device and unplug it from the power supply.
- Store the product in a cool, dry place, away from children and pets.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Ensure that any remaining smokeless powder is disposed of safely and according to local guidelines.
- Do not throw the product in household waste; consider recycling options if available.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and operation of the RCBS ChargeMaster Combo, please consult the manufacturer's official website or contact their support team directly.
