

# NECK SIZING DIES - REDDING NECK SIZING DIE 25 WSSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

## Attributes

- Name: [REDDING NECK SIZING DIE 25 WSSM](#)
- Manufacturer: [REDDING](#)

# Safety Instruction Guide for Redding Neck Sizing Die 25 WSSM

## Introduction

Thank you for choosing the Redding Neck Sizing Die 25 WSSM. This product is designed to enhance your reloading experience by sizing the necks of your bottleneck cases. To ensure safe and effective use, please carefully read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the Redding Neck Sizing Die in accordance with the manufacturer's instructions.
- Ensure that the die is compatible with your specific reloading equipment and cartridges.
- Keep the die out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the die regularly for any signs of damage or wear before each use.
- Store the die in a safe, dry place away from direct sunlight and moisture.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when handling reloading equipment to protect against potential injuries.
- **Workspace Safety:** Maintain a clean and organized workspace to minimize the risk of accidents.
- **Avoid Interchanging Fired Cases:** Never interchange fired cases between different rifles, as this can lead to dangerous malfunctions.
- **Heat Treatment Awareness:** Be aware that the die has been heat treated; handle it carefully to avoid burns.
- **Proper Handling:** Use the die only for its intended purpose. Do not modify or attempt to repair the die yourself.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Clean the die and remove any protective coatings or oils before installation.
- Insert the neck sizing die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely, but do not overtighten, as this may cause damage.

### 2. Usage:

- Prepare your bottleneck cases by cleaning them thoroughly to remove any debris.
- Adjust the die according to the specifications for the 25 WSSM cartridge.
- Insert the case into the die and apply pressure using the reloading press.
- Check the sized neck for proper fit and dimensions after processing.
- Repeat the process for all cases, ensuring consistent results.

## Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local waste disposal regulations.
- Do not throw the die in regular household waste; check for recycling options for metal products.
- Ensure that any packaging materials are recycled or disposed of properly.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Neck Sizing Die 25 WSSM, please refer to the manufacturer's contact information provided on the packaging or visit the official website.

Thank you for your attention to these safety instructions. Proper use and care of your Redding Neck Sizing Die will ensure a safe and enjoyable reloading experience.
