

CO-AX PRIMER SEATER - FORSTER PRODUCTS, INC. LARGE PRIMER FEED TUBE

[Reloading](#) > [Priming Tools](#) > [Benchmount Tools](#)

Bench mounted priming tools have been popular with reloaders for years because they are faster and do a better job of primer seating than many of the press mounted primer seaters. The CO-AX Primer Seater from Forster has automatic shellholder jaws which close securely on most modern rifle and pistol cases(no additional shellholders needed). Primers stack sideways in the primer feed tubes for added safety, and the tubes are open in front so it is easy to view the remaining primer supply. The tool base is a quality machined casting and includes a built-in primer flip tray. Large and small rifle and pistol primer tubes are included.

Attributes

COAX Primer Seater Safety Instruction Guide

Introduction

Thank you for choosing the COAX Primer Seater from Forster Products, Inc. This product is designed to provide efficient and reliable primer seating for your reloading needs. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the COAX Primer Seater in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the area free of distractions and unauthorized persons, especially children.
- Store the tool in a secure location when not in use.
- Regularly inspect the primer seater for any signs of wear or damage.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's specifications for primer types and sizes.
- Use only the designated primer feed tubes provided with the COAX Primer Seater.
- Always ensure that the shellholder jaws are securely closed before operating the tool.
- Avoid placing fingers or other body parts near the primer feed tubes while in use.
- Do not attempt to modify or tamper with the COAX Primer Seater.
- If you experience any malfunction or unusual behavior, stop using the tool immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Place the COAX Primer Seater on a stable, flat surface.
- Secure the tool to the bench using the appropriate mounting hardware (not included).
- Ensure that the tool is level and stable before use.

2. Loading Primers:

- Open the primer feed tube cover.
- Carefully load primers into the tube, ensuring they are stacked sideways for safety.
- Close the primer feed tube cover securely.

3. Using the Primer Seater:

- Adjust the shellholder jaws to fit the case you are using.
- Insert the case into the shellholder jaws and ensure it is held securely.
- Press the operating lever to seat the primer into the case.
- Check the primer seating depth to ensure it is correct.

4. After Use:

- Remove any remaining primers from the feed tube.
- Clean the tool to remove any debris or residue.
- Store the COAX Primer Seater in a safe location.

Disposal Instructions

- Dispose of any unused primers and packaging materials in accordance with local regulations.
- Do not dispose of the COAX Primer Seater in regular household waste.
- Contact local waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the COAX Primer Seater, please refer to the manufacturer's contact details provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the COAX Primer Seater. Always prioritize safety and adhere to all guidelines to protect yourself and others during the reloading process. Thank you for choosing Forster Products, Inc.
